# CORPORATE PROFILE

Taka Jewellery Holdings Limited ("**TAKA**" or the "**Company**" and together with its subsidiaries, the "**Group**") (formerly known as TLV Holdings Limited), is a well-established jeweller with 25 years of track record specialising in the design, manufacture and sale of jewellery to both the local and international markets on a retail and wholesale basis.

In Singapore, the Group has a network of 18 retail outlets strategically located in various heartland districts, as well as central and suburban malls. Our brands include Taka Jewellery, an established household brand that sells quality jewellery at competitive prices, and Top Cash, our pawnbroking business which involves the trading and retailing of used gold and pre-owned jewellery. In 2021, the Group diversified into the moneylending business which includes extending term loan facilities and financing to corporations.

On the international front, the Group actively participates in jewellery exhibitions to sell its products to wholesale customers in Asia, Africa, America, Europe and Oceania.

# OUR BUSINESS

#### JEWELLERY

The Group is principally engaged in the design, manufacturing and sale of jewellery in Singapore under the Taka Jewellery brand as well as on a wholesale basis to global markets through active participation in international jewellery exhibitions.

#### Retail

Taka Jewellery is an established household brand that provides quality jewellery at competitive prices. With an extensive selection of classic and contemporary quality jewellery made from different raw materials, the brand caters to the mass market from homemakers to young working executives.

Taka Jewellery has 14 retail outlets located at various heartland districts and suburban malls throughout Singapore.

#### **Exhibitions**

The Group actively participates in jewellery exhibitions around the world, selling jewellery on a wholesale basis to customers from Asia, Africa, America, Europe and Oceania. We participate in exhibitions under our brands Taka Jewellery as well as Voi, which was launched in 2007 to engage in the marketing and sale of a contemporary line of jewellery.

#### **FINANCIAL SERVICES**

#### Pawnbroking

The Group ventured into the pawnbroking business and the trading and retail of pre-owned jewellery under the Top Cash brand in 2013. Our pawnshops typically accept gold and platinum, as well as value articles (such as precious stones and branded jewellery) as collaterals for the loans we extend to our customers.

The Group has four pawnshops in Singapore.

#### Moneylending

The Group diversified into the moneylending business in 2019 to extend corporate loans to businesses that require financing for their operations or working capital purposes. The corporate loans are in the form of term loan facilities or mezzanine loans, where the Group earns interest during the tenure of the loans. In 2021, this business segment was included as a separate core business activity of the Group.

# LETTER TO SHAREHOLDERS

#### **Dear Shareholders**

#### THE YEAR IN REVIEW

Despite ongoing geopolitical uncertainty and inflationary pressures, the Group was able to ride on the recovery trajectory, underpinned by easing COVID-19 measures and lifting of travel restrictions worldwide, to deliver a creditable set of report card for the financial year ended 30 June 2022 ("**FY2022**").

Net attributable profit for the year more than doubled to \$\$5.9 million on the back of revenue increasing 8% to \$\$104.3 million compared to \$\$96.8 million of the corresponding period a year ago ("**FY2021**"). Revenue growth was largely attributable to higher international trade fair sales arising from the recovery of international travel and reopening of borders in many parts of the world.

Correspondingly, gross profit rose 25% to S\$27.4 million from S\$21.9 million in FY2021, with gross profit margin increasing 3.6 percentage points to 26.3% from 22.7% in FY2021 due to a change of sales mix.

The Group's balance sheet remained healthy as at 30 June 2022 with net assets of S\$110.5 million and cash and bank balances of S\$11.2 million compared to S\$104.6 million and S\$15.2 million respectively as at 30 June 2021. Net asset value per share edged up to 19.76 Singapore cents from 18.71 Singapore cents as at 30 June 2021.

#### Wholesale and Exhibition Business

As the world adapts to living with COVID-19 as an endemic, many countries saw a gradual lifting of travel restrictions that has stimulated a recovery and demand in air travel. This has subsequently led to the resumption of many of the international jewellery exhibitions, held in the United States, Europe, Middle East, East Asia and Southeast Asia, which the Group had regularly participated in over the years.

With the return of physical exhibitions around the second quarter of this year, the Group managed to participate in the 49th MidEast Watch & Jewellery Show 2022 in March and JCK Las Vegas in June, and together with sales via digital communications with wholesalers around the world during the year, the Group achieved a 63% jump in sales for its wholesale and exhibition business to \$\$41.7 million as compared to \$\$25.6 million in FY2021.

The return of physical exhibitions allows us to showcase our jewellery and re-establish our brand equity and presence on an international scale. With more exhibitions and trade fairs lined up for the rest of the year, we expect international demand for our jewellery products to improve.

#### **Retail Business**

On the domestic front, the retail industry had to accommodate and adapt swiftly to the different phases of social distancing restrictions in Singapore with the evolving COVID-19 developments. Particularly in the second half of 2021 when Phase 2 (Heightened Alert) was reinstated from 22 July to 18 August 2021, resulting in lower mall footfall due to dining-in restrictions at food and beverage establishments. Nevertheless, as Singapore continues to ease COVID-19 restrictions and reopens borders after two years of COVID-19 measures, we expect to see higher consumer consumption and the return of tourists which will aid in the recovery of the retail sector.

Overall, revenue from our retail business segment declined 13% to \$\$59.7 million in FY2022 from \$\$68.2 million in FY2021, but remained the major contributor to the Group's revenue at 57%. The decline was largely attributable to lower sales contribution from gold products due to gold price fluctuations and adjustments in the Group's marketing strategies post-COVID-19.

As the Group navigates the impact of COVID-19, one of the key initiatives mooted during the year was the launch of lab-grown diamonds. This is in line with the growing trend towards environmentally-sourced and sustainable diamonds, particularly among the millennials and Gen-Z consumers. As lab-grown diamonds are manufactured in laboratories without having to go through the long mining process for natural diamonds, they are considered a more ethical and environmentally-friendly option. The addition of lab-grown diamonds to our existing range of diamond jewellery products presents our customers with wider options to choose from at a more wallet-friendly price. Since the introduction of this new product category in some of our retail outlets in February this year, consumer reception has been favourable.

In addition to the launch of the new product line, we have also ramped up our marketing and promotional activities throughout the year. We continue to conduct

# **LETTER TO SHAREHOLDERS**

exclusive live streaming on our social media platforms to showcase and promote our latest jewellery products and ongoing sales. Our customers are also able to enjoy amazing deals when they shop online. We also encourage customers to sign up for our Treasures Reward Programme that awards members with exclusive rewards and discounts.

Moving forward, we will continue to build on our digital capabilities to maintain a strong online presence in order to stay relevant in the market and to reach a larger target market, as well as push out interesting marketing initiatives to attract customers to our strategicallylocated stores island-wide.

#### **Financial Services**

Our financial service business segment, comprising pawnbroking and moneylending to corporate businesses, dipped marginally to S\$2.9 million, as compared to S\$3.0 million in FY2021. The moneylending business which the Group diversified into since 2019 was included as a separate core business activity of the Group in 2021. This is to provide additional revenue stream to the Group and the key function of this business is to extend term loan facilities to corporations that require financing for their operations or for working capital purposes.

As the operating environment stabilises with the continued lifting of COVID-19 restrictions, we are optimistic that corporations will require working capital for their business expansions. As such, we believe we are well-positioned to capitalise on these opportunities with our competitive and comprehensive lending facilities.

#### OUTLOOK

It has been an arduous two years with the constantly evolving COVID-19 developments. With the gradual return to normalcy owing to high levels of vaccination rate around the world and declining COVID-19 fatalities, the retail sector looks poised to stabilise and recover further as borders reopen, air travel returns and the tourism sector recovers.

However, the Group remains cautiously optimistic as recovery might be impeded by a slowdown in China's economy and the ongoing Russia-Ukraine conflict that is dragging global economy and pushing up inflation and interest rates. Accordingly, the International Monetary Fund expects the world economic growth to slow from 6.1% last year to 3.2% in 2022, based on its World Economic Outlook July 2022 update report.<sup>1</sup> Similarly, in Singapore, the Ministry of Trade and Industry (MTI) has also narrowed Singapore's GDP growth forecast for 2022 to 3.0% to 4.0%, from 3.0% to 5.0%.<sup>2</sup>

Notwithstanding the uncertain global economic outlook and challenging business environment, the Group will remain focused on managing operating cost, exercise prudent financial management to maintain a healthy cashflow position and adapt its strategies to the volatile operating environment to capitalise on the right opportunities.

#### **APPRECIATION**

The unprecedented pandemic has impacted many businesses worldwide and we are grateful to have been able to navigate the storm to maintain a stable and healthy ship. To that end, we would like to express our deepest appreciation to our fellow directors for their guidance and counsel during this period. To the management team and our staff, we thank them for working tirelessly to ensure our operations run smoothly and in compliance with all COVID-19 measures. To our business partners and vendors, thank you for working closely with us to sustain and grow the business even in such unprecedented times.

Lastly, to our customers and valued shareholders, we thank you for your unwavering support and continued faith in the Group. We look forward to your continued support and endeavour to bring sustainable value for all our stakeholders.

#### Revenue

In FY2022, the Group's revenue grew 8% to S\$104.3 million from S\$96.8 million in FY2021, largely due to an increase in international trade fair sales as a result of the easing of international travel restrictions around the world.

The resumption of participation in international jewellery exhibitions during the year saw revenue from the Group's wholesale and exhibition business increasing 63% to S\$41.7 million compared to S\$25.6 million a year ago.

Revenue from the Group's retail business declined 13% to \$\$59.7 million in FY2022 from \$\$68.2 million in FY2021 due to lower sales contribution from gold products as a result of fluctuating gold prices, and adjustment to marketing strategies post pandemic, while revenue for financial services remained relatively stable at \$\$2.9 million.

#### **Gross Profit and Gross Profit Margin**

In FY2022, the Group saw gross profit increasing 25% to S\$27.4 million from S\$21.9 million in FY2021, with corresponding increase in gross profit margin to 26.3% compared to 22.7% in FY2021, mainly due to the change in sales mix.

#### **Expenses**

Distribution costs for the year rose to S\$15.6 million from S\$15.0 million in FY2021 due to an increase in exhibition-related expenses and higher staff-related cost in tandem with revenue growth.

Administrative expenses stood at S\$5.7 million in FY2022 compared to S\$4.9 million in FY2021 due to higher staff-related costs as a result of better operating performance.

#### **Net Profit**

The Group's net profit for FY2022 jumped twofold to S\$5.9 million from S\$2.4 million in FY2021.

# **FINANCIAL REVIEW**

#### **BALANCE SHEET**

The Group's net assets rose to S\$110.5 million as at 30 June 2022 compared to S\$104.6 million a year ago.

Non-current assets increased 8% to S\$23.6 million as at 30 June 2022 from S\$21.9 million as at 30 June 2021, mainly from the additions of rights-of-use assets comprising mostly retail outlet leases, and property, plant and equipment.

Current assets edged up 4% to S\$147.2 million as at 30 June 2022 largely due to the reduction in trade and receivables of S\$1.6 million from the collection of the exhibition receivables. This was offset by an increase in inventories of S\$11.5 million due to higher level of raw materials and finished goods in preparation for upcoming exhibitions.

Current liabilities rose 5% to S\$46.5 million as at 30 June 2022 from S\$44.3 million as at 30 June 2021 from an increase in short term borrowings of S\$1.6 million, while non-current liabilities dipped 3% to S\$13.8 million as at 30 June 2022 due to repayment of bank borrowings of S\$3.2 million.

The Group's working capital increased to \$\$100.7 million as at 30 June 2022 compared to \$\$97.0 million as at 30 June 2021.

#### **CASH FLOW**

	Group		
Statement of Cash Flows	FY2022 S\$'000	FP2021 S\$'000	
Net cash generated from operating activities	2,308	17,880	
Net cash used in investing activities	(367)	(88)	
Net cash used in financing activities	(6,024)	(16,100)	
Cash and cash equivalents at end of financial year	8,707	12,746	

In FY2022, the Group generated net cash from operating activities of S\$2.3 million compared to S\$17.9 million in FY2021. This was a net result of operating cash flow before working capital changes of S\$13.2 million, adjusted for working capital outflow of S\$9.9 million, interest paid of S\$0.7 million and net income tax paid of S\$0.3 million.

The net working capital outflow of S\$9.9 million was mainly due to (a) an increase in trade and other payables of S\$0.7 million; (b) a decrease in trade and other receivables and prepayment of S\$0.9 million; and (c) an increase in inventories of S\$11.5 million.

Net cash used in financing activities amounted to S\$6.0 million in FY2022 due to net repayment of bank borrowings of S\$11.9 million and the payment of lease liabilities of S\$4.3 million.

The Group's cash and cash equivalents declined to S\$8.7 million as at 30 June 2022 from S\$12.7 million as at 30 June 2021.

**Taka Jewellery Holdings Limited** (the "**Company**", and together with its subsidiary, the "**Group**"), views corporate accountability, transparency and sustainability as strategic tools for enhancing long-term shareholders' value and are committed to observing high standards of corporate governance.

On 6 August 2018, the Monetary Authority of Singapore issued a revised Code of Corporate Governance 2018 (the **"2018 Code**") and accompanying practice guidance (**"PG**") which aims to encourage board renewal, strengthen director independence and enhance board diversity, which will initially take effect for annual reports covering financial years commencing from 1 January 2019.

This report describes the Company's corporate governance practices that were in place throughout financial year ended 30 June 2022 ("**FY2022**"), with specific reference made to the 2018 Code and its related PG as well as the disclosure guide developed by the Singapore Exchange Securities Trading Limited (the "**SGX-ST**") in January 2015 (the "**Guide**"). The Company has complied with the principles and guidelines as set out in the 2018 Code and the Guide, where applicable. Appropriate explanations and/or alternative corporate governance practices adopted by the Company have been provided in the relevant sections below where there are deviations from the 2018 Code and/or the Guide.

#### **BOARD MATTERS**

The Company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the Company.

As at the date of this report, the Board of Directors (the "**Board**") is made up of the following members:

- Goh Yeow Tin, Non-Executive Chairman and Independent Director
- Teo Boon Leng, Managing Director
- Ang Kah Leong, Executive Director
- Lu King Seng, Independent Director
- Chua Kern, Independent Director

The Board sets the tone for the Group in respect of ethnics, values and desired organisational structure, and ensure proper accountability within the Group.

Besides carrying out its statutory responsibilities, the Board's role is to:

- 1.1 Approve the board policies, strategies (including sustainability issues) and financial objectives of the Company and monitor the performance of management;
- 1.2 Oversee the processes for evaluating the adequacy of internal controls, risk management, financial reporting and compliance;
- 1.3 Approve the nominations of directors and appointment of key personnel;
- 1.4 Align the interests of the Board and Management with that of shareholders and balance the interest of all stakeholders; and
- 1.5 Ensure compliance with all laws and regulations as may be relevant to the business.

The Board exercises due diligence and independent judgement in dealing with the business affairs of the Group and is obliged to act in good faith and take objective decisions as fiduciaries and in the interests of the Group.

PRINCIPLE 1: THE BOARD'S CONDUCT OF AFFAIRS

Provision 1.1 of

the 2018 Code:

act objectively in

the best interests of the Company

Directors are fiduciaries who

The Board adopted a Code of Business Conduct and Ethics for Directors which establishes the fundamental principles of professional and ethical conduct expected of the Directors in the performance of their duties. The Company has in place practices to address potential conflicts of interests. All Directors are required to notify the Company promptly of all conflicts of interest as soon as practicable as well as when required or during the Board Meeting as required. When an actual, potential and perceived conflict of interest arises, the concerned Director must recuse himself from all discussions and decisions involving the matter and abstain from voting on resolutions regarding the matter, unless the Board is of the opinion that the participation of the conflicted Director is of the best interest to the Company.

All Directors are aware of their fiduciary duties and are committed to exercising due care and diligence in making their decisions and to objectively discharge their duties and responsibilities in the best interest of the Company. Aside from their statutory duties, the key roles of different classes of Directors are set out below:

- Executive Directors are members of the management team of the Company (the "Management") who are involved in the day-to-day operations of the Group's business. They work closely with the Independent Directors on the long-term sustainability and success of the Group. They provide insights and recommendations on the Group's operations at the Board and Board Committee meetings.
- Independent Directors do not participate in the day-to-day operations of the Group's business and are deemed independent by the Board. They provide independent and objective advice and insights to the Board and the Management. They constructively challenge the Management on its decisions and contribute to the development of the Group's strategic goals and policies. They participate in the review of the Management's performance in achieving the strategic goals as well as the appointment, assessment and remuneration of the Executive Directors and key personnel.

The Executive Directors are appointed by way of service agreements while the Independent Directors are appointed by way of letters of appointment. The duties and responsibilities of Directors are clearly set out in these service agreements and letters of appointment.

All new Directors would be briefed on the Group's industry, business, organisation structure, and strategic plans and objectives. Relevant policies and procedural guidelines would also be provided. Orientation for new Directors includes visits to the Group's key premises to familiarise themselves with the operation and meet with key management personnel.

Management keeps the Directors up-to-date on pertinent developments including the Group's business, financial reporting standards and industry-related matters. Such periodic updates provided to the Directors facilitate the discharge of their duties. The Directors are also encouraged to keep abreast of developments in legal, regulatory and accounting frameworks that are of relevance to the Group through the extension of opportunities for participation in training courses, seminars and workshops as relevant and/or applicable, with the cost of such training borne by the Company. At each Board meeting, the Managing Director (the "**MD**") updates the Board on the business and strategic developments of the Group.

The Board values on-going professional development and recognises that it is important that all Directors receive regular training so as to be able to serve effectively on and contribute to the Board. To ensure Directors can fulfil their obligations and to continually improve the performance of the Board, all Directors are encouraged to undergo continual professional development during the term of their appointment. Provision 1.2 of the 2018 Code:

Directors' duties, induction, training and development

The Company will conduct briefings and orientation programs to familiarise newly appointed directors with the various businesses, operations and processes of the Group. Further, newly appointed Directors will be provided with a formal letter of appointment setting out their duties and obligations and appropriate training to ensure that they are fully aware of their responsibilities and obligations of being a Director of a listed company. In addition, as required under the SGX-ST Listing Manual: Section B: Rules of Catalist ("**Catalist Rules**"), all new first- time Directors (who have no prior experience as a director in a listed on the SGX-ST) are also required to attend appropriate SGX-SID Listed Company Director (LCD) Programmes offered by the Singapore Institute of Directors ("**SID**") within 1 year from the date of his/her appointment.

During FY2022, the Directors were provided with updates on changes in laws and regulations, including the Companies Act 1967 ("**Companies Act**"), Catalist Rules and the Code of Corporate Governance, which are relevant to the Group. The external auditors regularly update the Audit Committee and the Board on the developments in the Singapore Financial Reporting Standards (International) ("**SFRS(I)**") which are applicable to the Group. Changes to regulations and accounting standards are monitored closely by the Management. The Company Secretary also briefed the Board on regulatory changes, such as changes to the Companies Act, Code and/or the Catalist Rules. In addition, the Management regularly updates and familiarises the Directors on the business activities of the Group during Board and Board Committee meetings.

During FY2022, certain Directors had attended the following seminars or events:

- Technical update on IFRS 7 by Institute of Singapore Chartered Accountants
- Ethics Update for Professional Accountants in Public Practice by Institute of Singapore Chartered Accountants
- Ethical Conduct and Governance Issues Faced by Finance Professionals by Institute of Singapore Chartered Accountants
- ISCA Budget Update 2021 Sustainability & Trust: Taking Centre-Stage in a New Era of Business by Institute of Singapore Chartered Accountants
- LED Environmental, Social and Governance Essentials by Singapore Institute of Directors
- Investigations under the Personal Data Protection Act

The Nominating Committee evaluates the individual Directors' competencies and recommends to the Board on training and development programmes for each Director. The Directors are also encouraged to attend relevant seminar and training programmes to enhance their skills and knowledge, the expenses of which will be borne by the Company.

Although the day-to-day management of the Company is delegated to the Executive Directors, there are matters which are required to be decided by the Board as a whole.

Matters and transactions that require the Board's approval include, amongst others, the following:

- Changes to the Group's capital structure and corporate structure;
- Material investments, acquisitions and disposals of assets;
- Material capital expenditure;
- Material Group policies;

Provision 1.3 of the 2018 Code:

Matters requiring Board's approval

- Recommendation/declaration of dividend;
- Annual budgets, financial statements (interim and full year), annual reports, circulars to shareholders and announcements to be submitted to the SGX-ST; and
- Appointment or removal of Directors, company secretary and Executive Officers of the Company.

Certain important matters could be subject to the recommendation by the respective Board Committees. Matters which the Board considers suitable for delegation to a Board Committee are contained in the terms of reference of the respective Board Committees.

Board Committees, namely Audit Committee ("**AC**"), Nominating Committee ("**NC**") and Remuneration Committee ("**RC**") have been established to assist the Board. Each Board Committee has its own terms of reference, setting out the composition, authorities and duties, which are approved by the Board. All Board Committees are chaired by an Independent Director. While these Board Committees are delegated with certain responsibilities, the responsibility for decisions relating to matters under the purview of the Board Committees ultimately lies with the entire Board.

Directors	Board membership	Audit committee <sup>(1)</sup>	Nominating committee <sup>(1)</sup>	Remuneration committee <sup>(1)</sup>
Goh Yeow Tin	Non-Executive Chairman and Independent Director	Member	Member	Chairman
Teo Boon Leng	Managing Director	-	-	-
Ang Kah Leong	Executive Director	-	-	-
Lu King Seng	Independent Director	Chairman	Member	Member
Chua Kern	Independent Director	Member	Chairman	Member

The composition of the Board Committees are as follows:-

#### Note:

<sup>(1)</sup> The AC, NC and RC each comprises of 3 members, of whom all are independent and non-executive Directors.

The terms of reference of the respective Board Committees, which are reviewed by the Board on a regular basis, as well as other relevant information on the Board Committees can be found in the subsequent sections of this report.

Board and Board Committee meetings are held regularly, with Board and AC meetings to be held at least twice a year and RC and NC meetings to be held at least once a year. Board and Board Committee meetings and annual general meetings are scheduled in advance to facilitate the Directors' attendance. Ad-hoc meetings will be convened when the Board's guidance or approval is required, outside of the scheduled Board meetings.

In accordance with the Company's Constitution, a Director who is unable to attend a Board meeting can still participate in the meeting via telephone conference, video conference, audio visual or by means of a similar communication equipment or similar communication means whereby all persons participating can hear each other. Important matters concerning the Group can also be put to the Board and Board Committees for decision by way of written resolutions.

Provision 1.5 of the 2018 Code:

Attendance and participation in Board and Board Committee meetings

Provision 1.4 of the 2018 Code:

**Board Committees** 

The attendance of each Director at meetings of the Board and Board Committees during FY2022 is disclosed as follows:

#### Attendance at Board and Board Committee Meetings

	Board	AC	NC	RC
Number of scheduled meetings held	2	2	1	1
Name of Director		-		
Goh Yeow Tin	2	2	1	1
Teo Boon Leng	2	2*	1*	1*
Ang Kah Leong	2	2*	1*	1*
Lu King Seng	2	2	1	1
Chua Kern	2	2	1	1

#### \* By invitation

The Company's Constitution allows for meetings to be held through telephone and/or videoconference.

When a Director has multiple board representations, the NC also considers whether such a Director is able to and has adequately carried out his duties as a Director of the Company, taking into consideration the Director's number of listed company, board representations and other principal commitments. In support of their candidature for directorship or re-election, Directors are to provide the NC with details of their other commitments and an indication of the time involved.

The Board and the NC have established a guideline on the maximum number of listed company directorships and other principal commitments that each Director is allowed to hold and this guideline can be found under Principle 4 of this report.

The Management recognises that relevant, complete and accurate information need to be provided to the Directors prior to meetings and on an on-going basis to enable the Directors to make informed decisions and discharge their duties and responsibilities effectively and efficiently.

Management provides the Board with key information that is complete, adequate and timely prior to meetings and whenever required.

The Management provides members of the Board with half yearly management accounts, as well as relevant background information relating to the matters that are discussed at the Board and Board Committee meetings. Such reports keep the Board informed of the Group's performance, financial position and prospects, and consist of the consolidated financial statements, major operational updates, background or updates on matters before the Board for decision or information. The Board is also provided with minutes of the previous Board meeting, and minutes of meetings of all Board Committees held. Detailed board papers are sent out to the Directors at least seven working days before the scheduled meetings so that the Directors may better understand the issues beforehand, allowing for more time at such meetings for questions that Directors may have.

Provision 1.6 of the 2018 Code:

Complete, adequate and timely information to make informed decisions

Турез	Types of information provided by Management				
	Information	Frequency			
1.	Board papers (with background or explanatory information relating to the matters brought before the Board, where necessary)	Half yearly			
2.	Updates to the Group's operations and the markets in which the Group operates in	Half yearly/as and when relevant			
3.	External Auditors' reports	Yearly			
4.	Reports on on-going or planned corporate actions	As and when relevant			
5.	Internal auditors' (" <b>IA</b> ") report(s)	Yearly			
6.	Research report(s)	As and when relevant			
7.	Shareholding statistics	Yearly or as and when relevant			

Any additional materials or information requested by the Directors are promptly furnished. If necessary, management staff who are able to explain and provide insights to the matters to be discussed are invited to make the appropriate presentation and answer any queries that the Directors may have.

The Management will also inform the Board of all significant events as and when they occur and circulate Board papers and supporting information on major transactions to facilitate a robust discussion before the transactions are entered into.

The Board has, at all times, separate and independent access to the Management, the company secretaries and external professionals, including the sponsor, company secretary, external auditors and internal auditors.

The role of the company secretary is clearly defined and includes:

- Attending all Board and Board Committee meetings and ensuring that meeting procedures are followed;
- Together with the Management, ensure that the Company complies with all relevant requirements of the Companies Act and the Catalist Rules;
- Advising the Board on all corporate governance matters; and
- Ensuring adequate and timely flow of information within the Board and Board Committees and between the Management and the Board.

The appointment and removal of the company secretary are subject to the approval of the Board as a whole.

Individually or collectively, in order to execute their duties, Directors can obtain independent professional advice at the Company's expense where required.

Provision 1.7 of the 2018 Code:

Separately independent access to Management, company secretary and external advisers; Appointment and removal of the company secretary

The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

#### **Board Independence**

There is a strong independent element on the Board with independent Directors constituting at least one-third of the Board. Currently, the Board consists of five Directors of whom three are independent and non-executive.

In view that the Chairman is independent, the Company complies to Provision 2.3 of the Code as the Non-executive Directors make up a majority of the Board.

The Board considers the existence of relationships or circumstances, including those identified by the 2018 Code and Catalist Rules, that are relevant to determine whether a Director is independent. The independence of each Director is reviewed annually by the NC. Each Independent Director is required to complete a checklist annually to confirm his independence. The checklist is drawn up based on the guidelines provided in the 2018 Code and the Catalist Rules. The NC adopts the 2018 Code's definition of what constitutes an "independent" Director in its review. The NC has reviewed and confirmed that the independence of the Independent Directors is in accordance with the Code, PG and Catalist Rules.

There are no Directors who are deemed independent by the Board, notwithstanding the existence of a relationship that would otherwise deem him not to be independent.

An Independent Director shall immediately disclose to the NC any relationships or circumstances that could interfere, or be reasonably perceived to interfere, with the exercise of his or her independent business judgement in the best interests of the Company. As at the end of FY2022, the NC and the Board have reviewed and ascertained that all Independent Directors namely, Mr. Goh Yeow Tin, Mr. Lu King Seng and Mr. Chua Kern are independent according to the 2018 Code, and Rules 406(3)(d)(i) and 406(3)(d)(ii) of the Catalist Rules and noted that none of the Independent Directors have any relationship with the Company, its related corporations, substantial shareholders or officers, which could interfere or be perceived to interfere with the Director's independent judgement. As required by Rules 406(3)(d)(iii)(A) and 406(3)(d)(iii)(B) of the Catalist Rules, with effect from 1 January 2022, the independence of any director who has served an aggregate period of more than nine years from the date of his first appointment must be sought and approved in separate resolutions by: (A) all shareholders; and (B) shareholders excluding directors, chief executive officer, and their associates. There are no Independent Directors that have served on the Board for more than nine years as at the date of this Annual Report.

#### **Board Diversity**

The Company has in place the Board Diversity Policy with a view to achieving a sustainable and balanced development as the Company sees diversity at the Board level as an essential element in supporting the attainment of its strategic objectives and its sustainable development. In designing the Board's composition and selection of new Board members, the Board strive to ensure that:

- (a) All candidates are included for consideration during the search for new appointments to the Board regardless of gender, age, nationalities or ethnicity;
- (b) There is an appropriate mix of gender representation on the Board, taking into account the skills and experience the candidates can contribute; and

#### PRINCIPLE 2: BOARD COMPOSITION AND GUIDANCE

Provision 2.1 of the 2018 Code:

Director independence

Provision 2.2 of the 2018 Code:

Independent directors make up a majority of the Board

Provision 2.3 of the 2018 Code:

Non-executive directors make up a majority of the Board

Provision 2.4 of the 2018 Code:

Size and composition of the Board and Board Committee; Board diversity policy

(c) External search consultants when looking for suitable candidates for appointment to the Board will be specifically directed to include diverse candidates and women candidates in particular.

In reviewing the composition of the Board, the NC considers the benefits of Board diversity from a number of aspects, including but not limited to gender, age, educational background, professional experience, skills and knowledge. All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board.

The NC will strive to ensure that:

- Female candidates are fielded for consideration for Board appointments;
- External search consultants are engaged to search for candidates for Board appointments, if required; and
- At least one female Director be appointed to the NC.

The Board is mindful that diversity is not specific to gender or certain personal attributes and would strive to ensure that diversity would enhance the long-term success of the Group. The benefits of Board diversity could only be harnessed if Directors adopt an independent mindset when carrying out their responsibilities. In order to gather and leverage on diverse perspectives, the Non-executive Chairman and Independent Director strives to cultivate an inclusive environment where all Directors are able to speak up and participate in decision making.

The ultimate decision for new Board appointments will be based on merit and contribution that the selected candidates are expected to bring to the Board.

The Board has examined its size and is of the view that it is an appropriate size for effective decision-making, considering the nature and scope of the Group's operations. No individual or small group of individuals dominate the Board's decision making. The Board and Board Committees have an appropriate balance and mix of skills, knowledge and experience in the Group's core businesses and the areas of accounting and finance, legal and regulatory compliance, business management and risk management. While the NC is aware of the merits of gender diversity to the Board composition, the NC notes that it is only one of the many aspects of diversity. While due consideration would be given to female representation on the Board, the NC will continue to make its selection of candidates based on objective criteria which it believes is in the best interest of the Company.

The Board took the following steps to maintain or enhance its balance and diversity:

- Annual review by the NC to assess if the existing attributes and core competencies of the Board are complementary and enhance the efficacy of the Board; and
- Annual evaluation by the Directors of the skill sets the other Directors possess, with a view to understand the range of expertise which is lacking by the Board.

The NC will consider the results of these exercises in its recommendation for the appointment of new directors and/or the re-appointment of incumbent directors.

The profiles of the Directors are set out in the "Board of Directors" section of the Annual Report.

To facilitate a more effective check on the Management, the Independent Directors meet at least once a year with the internal and external auditors without the presence of the Management. The Independent Directors also communicate with each other from time to time without the presence of the Management to discuss the performance of the Management and any matters of concern. Feedback arising from such meetings or discussions is provided to the Board or Non-executive Chairman and Independent Director, as appropriate.

For FY2022, the AC met once with the external and internal auditors without presence of the Management. This meeting enabled the external and internal auditors to raise issues encountered in the course of their work, if any, directly to the AC.

# There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

The Board is chaired by Mr. Goh Yeow Tin, Non-executive Chairman and Independent Director of the Company while Mr. Teo Boon Leng, is the Managing Director ("**MD**") of the Company. Accordingly, the Non-executive Chairman and the MD are not related. Hence, the roles of the Non-executive Chairman and the MD have been clearly separated, each having their own areas of responsibilities. This is to ensure that an appropriate balance of power, increased accountability and greater capacity of the Board for decision making.

The Non-executive Chairman and Independent Director, Mr. Goh Yeow Tin, ensures that corporate information is adequately disseminated to all Directors in a timely manner to facilitate the effective contribution of all Directors. He promotes a culture of openness and debate at the Board and ensures that adequate time is allocated for discussion of all strategic issues. The Non- executive Chairman and Independent Director is assisted by the Board Committees, external auditors and internal auditors who report to the Audit Committee in ensuring compliance with the Company's guidelines on corporate governance.

The MD, Mr. Teo Boon Leng, is responsible for the overall management of the Group and charting the corporate strategies for future growth with the support of the Executive Director, Mr. Ang Kah Leong and the Management.

The NC has deliberated and is of the view that the appointment of a Lead Independent Director is not necessary given that the Non-executive Chairman is not part of the Management and is independent.

# The Board has a formal and transparent process for the appointment and re- appointment of directors, taking into account the need for progressive renewal of the Board.

The Board is of the opinion that it would be most effective to draw on the wealth of experience from the longer serving directors while concurrently taking progressive steps to review and consider opportunities to refresh the Board as and when deemed required.

To meet the changing challenges in the industry and countries which the Group operates in, such reviews, which includes considering factors such as the expertise, skills and perspectives which the Board needs against the existing competencies would be done on a regular basis to ensure that the Board dynamics remain optimal.

The NC comprises three Independent Directors, namely Mr. Chua Kern, Mr. Goh Yeow Tin and Mr. Lu King Seng. The Chairman of the NC is Mr. Chua Kern.

Provision 2.5 of the 2018 Code:

Independent Directors meet regularly without the presence of the Management

#### PRINCIPLE 3: CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Provision 3.1 of the 2018 Code:

Chairman and MD are separate persons

Provision 3.2 of the 2018 Code:

Division of responsibilities between Chairman and CEO

Provision 3.3 of the 2018 Code:

Lead Independent Director

#### PRINCIPLE 4: BOARD MEMBERSHIP

Steps taken to progressively renew the Board composition

Provision 4.1 of the 2018 Code:

The NC's responsibilities, as set out in its terms of reference, include the following:

- Developing and maintaining a formal and transparent process for the selection, appointment and re-appointment of Directors, taking into account the need for progressive renewal of the Board, and making recommendations to the Board on the appointment and re-appointment of Directors (including alternate Directors, if any), taking into consideration each Director's competencies, commitment, contribution and performance (for example, attendance, preparedness, participation and candour) including, if applicable, his or her performance as an Independent Director;
- Reviewing succession plans for the Directors, in particular, the appointment and/or replacement of the Executive Chairman, MD and Executive Officers;
- Deciding on how the Board's performance may be evaluated, and proposing objective performance criteria to assess the effectiveness of the Board as a whole and the contribution of each Director;
- Ensuring that all Directors submit themselves for re-nomination and re-election at least once every three years;
- Determining the composition of the Board, taking into account the future requirements of the Group, as well as the need for Directors who, as a group, provide an appropriate balance and diversity of skills, experience, gender and knowledge of the Group, and other considerations as set out in the 2018 Code, and setting the objectives for achieving Board diversity and reviewing the progress towards achieving these objectives;
- Determining on an annual basis, and as and when circumstances require, whether or not a Director is independent having regard to the requirements of the 2018 Code and any other salient factors;
- In respect of a Director who has multiple board representations on publicly listed companies, if any, reviewing and deciding, on an annual basis (or more frequently as the NC deems fit), whether such Director is able to and has been adequately carrying out his duties as a Director;
- Establishing guidelines on the maximum number of directorships and principal commitments for each Director (or type of Director) shall be;
- Reviewing training and professional development programmes for the Board and the Directors;
- Assessing whether each Director is able to and has been adequately carrying out his duties as a Director; and
- Ensuring that new Directors are aware of their duties and obligations.

For the review of succession plans and Board's composition for FY2022, the NC also took into consideration the amendments to the Catalist Rules in relation to the continued appointment of an independent director who has served for an aggregate period of more than nine years, bearing in mind that they have come into effect from 1 January 2022.

NC to make recommendations to the Board on relevant matters

Provision 4.2 of the 2018 Code:

Composition of NC

The NC has reviewed and is satisfied that the current composition and size of the Board and Board Committees are appropriate for effective decision making, having taken into consideration the nature and scope of the Group's operations, the balance and diversity of, amongst other factors, skills and experience. The Board comprises Directors who are qualified and experienced in various fields including accounting and finance, legal, business and management experience and the requisite industry knowledge. The table below shows the core competencies possessed by the Board members.

	Number of Directors	Proportion of Board
Core Competencies		
– Accounting or finance	2	40%
– Business management	3	60%
– Legal or corporate governance	1	20%
– Relevant industry knowledge or experience	3	60%
– Strategic planning	3	60%
<ul> <li>Customer based experience or knowledge</li> </ul>	3	60%
Gender		
– Male	5	100%
– Female	0	0%

The NC is of the view that the current Board comprises members who as a group possess core competencies necessary to lead and manage the Group effectively.

The NC conducts an annual review of the balance, diversity and size of the Board to determine whether any changes are required in relation to the Board composition. There is a formal and transparent process for the appointment of new Directors to the Board. When a vacancy on the Board arises or when the Board is considering making a new Board appointment either to enhance the core competency of the Board or for purpose of progressive renewal of the Board, the NC will review and assess candidates before making recommendations to the Board. In recommending new appointments, the NC takes into consideration the balance and diversity of skills, calibre, experience, expertise, attributes, ability and gender, amongst other factors, required to support the Group's business activities or strategies, the current composition and size of the Board, and strives to ensure that the Board has an appropriate balance of Independent Directors. The NC would consider candidates proposed by the Directors and key management personnel and may engage external search consultants where necessary.

After shortlisting the candidates, the NC shall consider and interview candidates on merit against objective criteria, taking into consideration whether the candidate can devote sufficient time and attention to the affairs of the Group.

After reviewing and considering the NC's recommendations, the Board would make the decision to appoint the new director and/or propose the re-election of the incumbent director for shareholders' approval.

Provision 4.3 of the 2018 Code:

Process for the selection, appointment and re-appointment of Directors

The Directors submit themselves for re-nomination and re-election at regular intervals of at least once every three years. The Company's Constitution provides that one-third of the Board, or the number nearest to one-third is to retire by rotation at every Annual General Meeting ("**AGM**"). In addition, the Company's Constitution also provides that new Directors appointed during the year either to fill a vacancy or as an addition to the Board are required to submit themselves for re- election at the next AGM of the Company.

In recommending to the Board on appointment and re-appointment of Directors, the NC considers the following factors:

- Needs of the Group, Board Diversity Policy, expertise and experience of the candidate and his or her contribution and performance as Director of the Company, officer of other companies and/or professionals in his or her area of expertise;
- Number of public listed company directorships and other principal commitments;
- Whether the candidate is a fit and proper person in accordance with the MAS' fit and proper guidelines, which broadly takes into account the candidate's competency, honesty, integrity and financial soundness; and
- Independence of the candidate (for Independent Directors).

The NC has recommended and the Board has agreed for the following Directors to retire and seek re-election at the forthcoming AGM pursuant to Article 114 of the Company's Constitution:

Mr. Teo Boon Leng Mr. Lu King Seng

Mr. Lu King Seng, being the member of the NC, has abstained from deliberation in respect of his own nomination.

Mr. Teo Boon Leng will, upon re-election as Director of the Company, remain as Executive Director and Managing Director of the Company.

Mr. Lu King Seng will, upon re-election as Director of the Company, remain as Chairman of the Audit Committee and a member of the Nominating Committee and Remuneration Committee. The Board considers Mr. Lu King Seng to be independent for the purpose of Rule 704(7) of the Catalist Rules. As Mr Lu King Seng will be serving on the Board for 9 years in 2024 since his appointment as independent director of the Company on 21 August 2015, Mr Lu will be seeking for re-election as Independent Director of the Company in accordance with Rule 406(3)(d)(iii)(A) and (B) of the Catalist Rules.

Saved as disclosed, neither Mr. Lu King Seng nor Mr. Teo Boon Leng, have any other relationships between themselves, the Company and its 5% Shareholders.

The details of the Directors seeking for re-election as required under Rule 720(5) of the Catalist Rules are set out in the "Additional Information on Directors Seeking Re-election" section of this Annual Report.

As described under Principle 2 of this report, the Company has put in place a process to ensure the continuous monitoring of the independence of the Directors. Each Independent Director is required annually to complete a checklist to confirm his independence. Further, an Independent Director shall immediately disclose to the NC any relationships or circumstances that could interfere, or be reasonably perceived to interfere, with the exercise of his or her independent business judgement in the best interests of the Company. The NC is of the view that the Independent Directors are independent. As at the date of this report, there is no relationship or circumstance set forth in Provision 2.1 of the 2018 Code which puts the independence of the Independent Directors in question.

When a Director has multiple listed company Directorship and other principal commitments, the NC also considers whether or not the Director is able to and has adequately carried out his duties as a Director of the Company.

The NC believes that putting a maximum limit on the number of Directorships a Director can hold is arbitrary, given that time requirements for each vary, and thus should not be prescriptive.

Assessment of the individual Directors' performance was based on the criteria set out in Section 5.1. The following were used to assess the performance and consider competing time commitments of the Directors: -

- Declarations by each Director of their other listed company directorships and principal commitments; and
- Annual confirmations by each Director on his/her ability to devote sufficient time and attention to the Company's affairs, having regard to his/her other commitments.

The NC is satisfied that sufficient time and attention were given by the Directors to the affairs of the Company during FY2022, notwithstanding that they hold Directorships in other listed companies and have other principal commitments, and will continue to do so in the financial year ending 30 June 2023.

The specific considerations in assessing the capacity of Directors include:

- Expected and/or competing time commitments of Directors, including whether such commitment is a full-time or part-time employment capacity;
- Geographical location of Directors;
- Size and composition of the Board;
- Nature and scope of the Group's operations and size; and
- Capacity, complexity and expectations of the other listed directorships and principle commitments held.

The list of Directorships held by Directors presently or in the preceding three years in other listed companies, and other principal commitments are set out in the "Board of Director" section of the Annual Report.

Alternate directors will be appointed as and when the Board deems necessary. CircumstancesPwhich warrant such appointments may include health, age related concerns as well asManagement succession plans. No alternate Director has been appointed to the Board.A

# The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

The NC has established a review process and proposed objective performance criteria set out in assessment checklists which are approved by the Board. The NC will assess the Board's effectiveness as a whole by completing the Board Assessment Checklist, which takes into consideration factors such as the Board's structure, conduct of meetings, risk management and internal control, and the Board's relationship with the Management. The NC will also assess the Board's performance based on a set of quantitative criteria and financial performance indicators as well as share price performance. In addition, the NC will assess the individual Directors' performance by completing an Individual Director Assessment Checklist, which takes into consideration factors such as commitment of time for meetings, level of participation and contribution at such meetings and the technical knowledge of the Directors.

Where appropriate, the Board will review and make changes to the assessment forms to align with prevailing regulations and requirements. The performance criteria shall not be changed from year to year without justification. These assessments are to be carried out and overseen by the NC for each financial year to evaluate the effectiveness of the Board as a whole and recommendations based on these assessments would be tabled to the Board for discussion and/or adoption. The Non-Executive Chairman and Independent Director will act on the results of the performance evaluation and the recommendation of the NC, and where appropriate, in consultation with the NC, new members may be appointed or resignation of Directors may be sought

Each member of the NC shall abstain from deliberating and voting on any resolutions in respect of the assessment of his performance or re-nomination as Director.

Based on the NC's review for FY2022, the Board operates effectively and each Director is contributing to the Board's effectiveness.

The Board has implemented a process for assessing its effectiveness as a whole and the Board committees and each individual Director to the effectiveness of the Board. The assessments of the Board, the Board Committees and the individual directors are conducted by the NC and will be carried out annually.

The assessment utilises a confidential questionnaire, covering areas such as Board composition, Board processes managing the Group's performance, the effectiveness of the Board and the Board Committees. The questionnaires are completed by members of the Board and the Board Committees. The completed qualitative assessment questionnaires are collated for deliberation by the NC. The results, conclusions and recommendations are then presented to the Board by the NC.

The assessment of the individual directors will be done through peer-assessments, in each case through a confidential questionnaire to be completed by the directors individually. The assessment parameters for such individual evaluation include attendance and contributions during Board and Board Committee meetings as well as commitment to their roles as directors. The completed questionnaires will then be collated for the NC's deliberation and reported to the Chairman of the Board. The Chairman will act on the results of the performance evaluation and the recommendations of the NC, and where appropriate, in consultation with the NC, new members may be appointed or resignation of directors may be sought.

The NC has reviewed the overall performance of the Board as a whole, the Board Committees and Individual Director for FY2022.

#### PRINCIPLE 5: BOARD PERFORMANCE

Provisions 5.1 and 5.2 of the 2018 Code:

Assessment of effectiveness of the Board and Board Committees and assessing the contribution by the Chairman and each Director

Following the review of the assessments of the Board as a whole, the Board Committees and Individual Director for FY2022, both the NC and the Board are of the view that the effectiveness of the Board as a whole and each of the Board Committees and the contributions by the Chairman and each individual Director to the Board have been satisfactory for FY2022. No external facilitator was used in the process.

All NC members have abstained from the voting or review process of any matters in connection with the assessment of his/her performance.

Although no external facilitator had been engaged by the Board for this purpose, the NC has full authority to do so, if the need arises.

#### **REMUNERATION MATTERS**

The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

The RC comprises three Independent Directors, namely Mr. Goh Yeow Tin, Mr. Lu King Seng and Mr. Chua Kern. The Chairman of the RC is Mr. Goh Yeow Tin.

The RC's responsibilities, as set out in its terms of reference, include the following:

- Reviewing and recommending to the Board for approval a framework of remuneration for the Directors and Executive Officers as well as the specific remuneration packages for each Executive Director and Executive Officer, ensuring that a significant and appropriate proportion of the remuneration is structured so as to link rewards to corporate and individual performance;
- Reviewing annually the remuneration, bonuses, pay increase and/or promotions of employees who are related to the Directors or substantial shareholders to ensure that their remuneration packages are in line with the staff remuneration guidelines and commensurate with the respective job scopes and level of responsibilities, and reviewing and approving any new employment of related employees and the proposed terms of their employment;
- Reviewing the obligations arising in the event of termination of service contracts entered into between the Group and the Executive Directors or Executive Officers, as the case may be, to ensure that the service contracts contain fair and reasonable termination clauses which are not overly generous;
- If necessary, seeking expert advice within and/or outside the Company on remuneration matters, ensuring that existing relationships, if any, between the Company and the appointed remuneration consultants will not affect the independence and objectivity of the remuneration consultants;
- Performing an annual review of the remuneration packages in order to maintain their attractiveness to retain and motivate the Directors and Executive Officers, and to align the interests of the Directors and Executive Officers with the interests of the shareholders and other stakeholders to promote the long-term success of the Company; and
- Ensuring that the remuneration of Non-Executive Directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.

The recommendations of the RC shall be submitted for endorsement by the Board. Each RC member shall abstain from reviewing, deliberating and voting on any resolution in respect of his remuneration package or that of any employees who are related to him.

PRINCIPLE 6: PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Provision 6.1 of the 2018 Code:

RC to recommend remuneration framework and packages

Provision 6.2 of the 2018 Code:

Composition of RC

The RC considers all aspects of remuneration (including Director's fees, salaries, allowances, bonuses, options, share-based incentives and awards, benefits in kind and termination payments) in the review and recommendation of remuneration packages for the Directors and executive officers with an aim to be fair and to avoid rewarding poor performance, before making any recommendation to the Board. Each RC member will abstain from participating in the deliberations of and voting on any resolution in respect of his remuneration package or that of employees related to him.

The Independent Directors receive Directors' fees in accordance with their contributions, taking into account factors such as effort and time spent and their responsibilities. The Directors' fees are recommended by the RC and endorsed by the Board for approval by the shareholders of the Company at the annual general meeting. Except as disclosed in this Annual Report, the Independent Directors do not receive any remuneration from the Company.

The Executive Directors have each entered into a service agreement with the Company, under which terms of their employment are stipulated in the service agreements.

There are no excessively long or onerous removal clauses in these service agreements. The service agreements are valid for a period of three years with supplemental service agreement.

There are no contractual provisions which allows the Company to reclaim incentives from the Executive Directors and key management personnel in certain circumstances. The Board is of the view that as the Group pays performance bonuses based on the actual performance of the Group and/or Company (and not on forward-looking results) as well as the actual results of its Executive Directors and key management personnel, "claw-back" provisions in the service agreements may not be relevant or appropriate

No remuneration consultants were engaged by the Company for FY2022 for the remuneration packages of its Directors and key management personnel as the Company is of the view that the annual review by the RC, giving due regard to prevailing market conditions as well as the financial and business needs of the Group, is currently sufficient to ensure the continued relevance of such remuneration packages to the Group's strategic business objectives and alignment with market practices.

#### The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company

Remuneration of Executive Directors and key management personnel comprise of fixed components and variable components. The fixed component is in the form of a monthly base salary. The variable component is in the form of incentive bonus that is performance related and linked to corporate and individual performance. Their remuneration is linked to their roles and responsibilities and aligned with shareholders' interests to promote long-term success of the Group. The Group's remuneration policy is to ensure that the remuneration offered is competitive and sufficient to attract, retain and motivate the Directors and the key management personnel of the required experience and expertise. No Director is involved in any discussion relating to his own remuneration, terms and conditions of service, and the review of his performance.

Each Executive Director has a service agreement with the Company valid for an initial period of three (3) years with effect from the date of the Company's listing on the Catalist of the SGX-ST ("**Listing**"). Upon the expiry of the initial period of three (3) years, the employment of each Executive Director shall be renewed for a further three (3) years on such terms and conditions as may be agreed by the RC unless terminated by either party giving six (6) months' written notice of intention not to renew the employment. All revisions to the remuneration packages for the Executive Directors are subject to the review by and recommendation of the RC and the approval of the Board.

Provision 6.3 of the 2018 Code:

RC to consider and ensure all aspects of remuneration are fair

"Claw-back" Provisions

Provision 6.4 of the 2018 Code:

Expert advice on remuneration

#### PRINCIPLE 7: LEVEL AND MIX OF REMUNERATION

Provisions 7.1 and 7.3 of the 2018 Code:

Remuneration of Executive Directors and key management personnel are appropriately structured to encourage good stewardship and promote longterm success of the Company

Taking note of competitive pressures in the talent market, the Board has, on review, decided not to disclose the key performance indicators and performance conditions of the Executive Directors and key management personnel.

The RC has reviewed and is satisfied that the performance conditions were met for FY2022.

Contractual provisions are stipulated in the supplemental Service Agreements of the Executive Directors which allows the Company to reclaim incentives in cases of wilful misconduct and/or gross negligence by the Executive Directors. In addition, the Executive Directors owe a fiduciary duty to the Company and the Company should be able to avail itself to remedies against the Executive Directors in the event of such breach of fiduciary duties.

The Independent Directors are paid Directors' fees which take into consideration their contribution, effort, time spent and responsibilities. They are not overly remunerated to the extent that their independence may be compromised. The fees for the financial year in review are determined in the previous financial year, proposed by the Management submitted to the RC for review and thereafter, recommended to the Board for approval.

The RC has reviewed and assessed that the remuneration of the Non-Executive Directors for FY2022 is appropriate, considering the responsibilities, effort, and time spent.

# The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

After reviewing the industry practice and analyzing the advantages and disadvantages in relation to the full detailed disclosure of remuneration of each Director and key management personnel as recommended by the Code, the Company is of the view that doing so would be prejudicial to its business interests given the highly competitive jewellery retail/ exhibition industry that the Group operates in, and hamper its' ability to retain and nurture the Group's talent pool.

A breakdown (in absolute amounts and percentage terms) of the remuneration earned by each Director and the MD during FY2022 is as follows:

Remuneration band and name of Director	Directors' fee (%)	Salary (%)	Variable or performance related bonus <sup>(1)</sup> (%)	Total (%)
\$1,250,000 to \$1,500,000				
Teo Boon Leng	-	53%	47%	100%
\$750,000 to \$1,000,000				
Ang Kah Leong	_	66%	34%	100%
Below \$250,000				
Goh Yeow Tin	100%	_	-	100%
Lu King Seng	100%	_	-	100%
Chua Kern	100%	_	-	100%

<sup>(1)</sup> Benefits in kind are included in the variable component

Provision 7.2 of the 2018 Code:

Remuneration of Non-Executive Directors dependent on contribution, effort, time spent and responsibilities

#### PRINCIPLE 8: DISCLOSURE ON REMUNERATION

Provisions 8.1 and 8.3 of the 2018 Code:

Remuneration disclosures of Directors and key management personnel; Details of employee share schemes

The Company has only 4 top key management personnel. The remuneration received by the 4 top key management personnel (who are not Directors or the MD) in FY2022 is disclosed below:-

Remuneration band and name of key management personnel	Salary and CPF (%)	Variable or performance related bonus <sup>(1)</sup> (%)	Total (%)
\$250,000 to \$500,000			
Irene Ng	51%	49%	100%
Below \$250,000			
Julia Tan	54%	46%	100%
Macvis Teo	47%	53%	100%
Tan Yee Ming	91%	9%	100%

<sup>(1)</sup> Benefits in kind are included in the variable component

The Company is of the view that its practices of disclosing the remuneration of key management personnel in bands of S250,000 are consistent with the intent of provision 8 of the 2018 Code, taking into account the strategic objectives of the Company pursuant to Principle 8 of the 2018 Code.

The annual aggregate amount of the total remuneration paid to the 3 top key management personnel (who are not Directors or the MD) is approximately S\$652,000. There were no termination or retirement benefits and post-employment benefits granted to the Directors and key management in FY2022.

Save for the Executive Directors, there are no employees who were substantial shareholders of the Company in FY2022.

There are two employees who are the immediate family members of a Director namely, Ms Macvis Teo, daughter of Mr Teo Boon Leng (MD), with an annual salary of between \$150,000 to \$200,000 and Mr Presley Teo, son of Mr Teo Boon Leng (MD), of the Company with an annual salary of \$50,000 to \$100,000.

The Company had no employee share schemes during FY2022.

#### ACCOUNTABILITY AND AUDIT

The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

Risk analysis and management is undertaken within the Group as a source of sustainable business benefit and competitive advantage. The Board is responsible for the management of the Group's significant risks and is assisted by the AC in the oversight of the risk management and internal control systems of the Group.

The AC, with the assistance of the internal and external auditors, annually reviews the adequacy and effectiveness of the Group's risk management and internal control systems, including financial, operational, compliance and information technology controls.

Provision 8.2 of the 2018 Code:

Remuneration disclosure of related employees Employee Share Scheme(s)

#### PRINCIPLE 9: RISK MANAGEMENT AND INTERNAL CONTROLS

Provision 9.1 of the 2018 Code:

Board determines the nature and extent of significant risks

The internal auditor ("IA"), Crowe Horwath First Trust Advisory Pte. Ltd. ("Crowe"), has carried out internal audit on the system of internal controls and reported the findings to the AC. The external auditor, Ernst & Young LLP ("EA"), has also, in the course of their statutory audit, gained an understanding of the key internal accounting controls assessed to be relevant to the statutory audit. In this respect, the AC has reviewed the findings of both the internal and external auditors and will ensure that the Company follows up on the auditors' recommendations raised during the audit processes. No material internal control weakness had been raised by the internal and external auditors in the course of their audits for FY2022.

The IA performs its works in line with the Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors. The AC, having considered, amongst others, the reputation and track record of Crowe and the qualifications, experience and availability of resources and independence of the team at Crowe, is satisfied that the appointment of Crowe as IA is appropriate and has the appropriate standing in the Company to discharge its duties effectively.

The IA has full access to documents, records, properties and personnel of the Group. The IA plans its internal audit schedules in consultation with the management and its plans, IA reports and activities are reviewed and approved by the AC to ensure, *inter alia*, the adequacy of the scope of the audit. The internal audit plan complements that of the EA and together forms a robust risk-based audit approach to facilitate the AC's review of the adequacy and effectiveness of the Group's risk management and internal control systems. The AC reviews the reports issued by the IA to ensure that the Group's internal controls including financial, operational, compliance and IT controls are robust and effective, and follows up with management and the IA in ensuring that the IA's recommendations agreed with management have been adequately and appropriately implemented. There were no material weaknesses identified, the Board noted that there were certain areas requiring improvement as identified by the IA during the course of their audit performed in FY2022. The Board has accepted the IA's recommendations to address such deficiencies identified.

Based on the work performed by the IA, EA and the internal controls established and maintained by the Group, the Board and the AC, after making all reasonable enquiries and to the best of its knowledge and belief, are of the opinion that the Company has adequate and effective systems of internal controls (including financial, operational, compliance and information technology controls) and risk management systems.

The bases for the Board's view are as follows:

- 1. Assurance has been received from the MD and Group Financial Controller ("**GFC**");
- 2. An internal audit has been done by the IA and significant matters highlighted to the AC and key management personnel were appropriately addressed;
- 3. Key management personnel evaluates, monitors material risks and reports to the AC on a regular basis; and
- 4. Discussions were held between the AC and auditors in the absence of the key management personnel to review and address any potential concerns.

The Board received assurance from the MD and the GFC that the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances.

In addition, the Board received assurance from the MD, GFC and other key management personnel that the Company's risk management and internal control systems are adequate and effective.

Provision 9.2 of the 2018 Code:

Assurance from CEO, CFO and other key management personnel

Based on the reviews carried out by the AC, work performed by the internal and external auditors and assurance from the Management referred to in the preceding paragraphs, the Board, with the concurrence of the AC, is satisfied that the system of internal controls (including financial, operational, compliance and information technology controls) and risk management systems in place are adequate and effective as at 30 June 2022.

The Board notes that no system of internal controls could provide absolute assurance against the occurrence of material errors, poor judgement in decision making, human errors, losses, fraud or other irregularities. As such, the Company's risk management and internal controls systems are regularly evaluated and improved to ensure its relevance to the Company's operations.

#### The Board has an Audit Committee which discharges its duties objectively

The AC comprises three Independent Directors, namely Mr. Lu King Seng, Mr. Goh Yeow Tin and Mr. Chua Kern. The Chairman of the AC is Mr. Lu King Seng.

All members of the AC are appropriately qualified and have relevant accounting or related financial management expertise and experience. They are not former partners or directors of the Company's auditing firm and none of the AC members hold any financial interest in the external audit firm.

The Board considers Mr. Lu King Seng to have extensive and practical financial management knowledge and experience, well-qualified to chair the AC. The other members of the AC bring with them invaluable experience in finance and business management. The Board is of the view that the AC members are appropriately qualified in that they have sufficient accounting or related financial management expertise and experience to discharge the duties and responsibilities of the AC.

To keep abreast of the changes in accounting standards and issues which have a direct impact on the financial statements of the Group, the AC is encouraged to participate in relevant training courses, seminars and workshops, and to seek advice from the EA at the AC meetings that are held.

The AC's responsibilities, as set out in its terms of reference, include the following:

- Reviewing the audit plan and scope of work of the external auditors and internal auditors, the results of the external and internal auditors' review and evaluation of the system of internal controls, and their management letters on the internal controls together with the Management's response, and monitoring the implementation of the internal control recommendations made by the external and internal auditors;
- Reviewing and reporting to the Board at least annually the adequacy and effectiveness
  of the Group's risk management systems and internal controls addressing financial,
  operational, compliance and information technology risks (such review to be carried
  out internally or with the assistance of any competent third parties);
- Reviewing the adequacy, effectiveness, independence, scope and results of the external audit and the Group's internal audit function;

#### PRINCIPLE 10: AUDIT COMMITTEE

Provision 10.1 of the 2018 Code:

Duties of AC

Provision 10.2 of the 2018 Code:

Composition of AC

Provision 10.3 of the 2018 Code:

AC does not comprise former partners or directors of the Company's auditing firm

- Making recommendations to the Board on establishing an adequate, effective and independent internal audit function (which can be in-house or outsourced to a reputable accounting/auditing firm or corporation), and ensuring that the internal audit function is adequately resourced and staffed with persons with the relevant qualifications and experience and that the internal auditors comply with the standards set by nationally or internationally recognised professional bodies;
- Reviewing the interim financial results and annual consolidated financial statements and the external auditors' report on the annual consolidated financial statements, and reviewing and discussing any significant adjustments, major risk areas, changes in accounting policies and practices, significant financial reporting issues and judgements, compliance with Singapore financial reporting standards as well as compliance with the Catalist Rules and other statutory or regulatory requirements, concerns and issues arising from their audits, to ensure the integrity of the financial statements of the Group and any announcements relating to the financial performance, before submission to the Board for approval;
- Meeting with the external auditors and internal auditors without the presence of the Management, at least annually;
- Reviewing and discussing with the external and internal auditors, any suspected fraud, irregularity or infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position and the Management's response;
- Reviewing and ensuring the co-ordination among the internal auditors, external auditors and the Management, including assistance given by our Management to the auditors;
- Considering the independence and objectivity of the external auditors, taking into account the non-audit services provided by the external auditors and the fees paid for such non- audit services, if any;
- Reviewing any interested person transactions falling within the scope of Chapter 9 of the Catalist Rules, and approving interested person transactions the value of which amount to 3.0% or more of the latest audited NTA of the Group, or any agreement or arrangement with an interested person that is not in the ordinary course of business of the Group, prior to the Group's entry into the transaction, agreement or arrangement;
- Making recommendations to the Board on the proposals to the shareholders with regard to the appointment, re-appointment and removal of external auditors, and the remuneration and terms of engagement of the external auditors;
- Reviewing the Group's compliance with such functions and duties as may be required under the relevant statutes or the Catalist Rules, including such amendments made thereto from time to time;
- Reviewing any potential conflicts of interests and set out a framework to resolve or mitigate such potential conflicts of interests, and monitoring compliance with such framework;
- Establishing and reviewing the policy and arrangements by which employees of the Group or any other persons may safely raise concerns about possible improprieties in financial reporting or other matters and ensuring that there are arrangements in place for independent investigation of such concerns and appropriate follow-up actions in relation thereto;

- Ensuring that the Group publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns;
- Reviewing the assurance from the CEO and the Financial Controller on the financial records and financial statements;
- Undertaking such other reviews and projects as may be requested by the Board, and reporting to the Board its findings from time to time on matters arising and requiring the attention of the AC;
- Ensuring that the terms of non-compete undertakings provided to the Company have been compiled with; and
- Reviewing and approve transactions falling within the scope of Chapter 10 of the Catalist Rules.

The Company's staff and any other persons may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters by submitting a whistleblowing report to AC Chairman via a dedicated secured email address.

The AC is authorised to investigate any matter within its terms of reference, and has full access to, and co-operation of, the Management. The AC has full discretion to invite any Director, Executive Officer or management personnel to attend its meetings and has access to reasonable resources, including independent professional advice, to enable it to discharge its functions.

The Group has complied with Rules 712 and 715 of the Catalist Rules in relation to the appointment of its external auditor. The audit fees and non-audit fees paid or payable to the EA for FY2022 amounted to S\$157,000 and nil respectively. There were no non-audit services rendered during FY2022. The AC, having reviewed the scope and value of the audit services provided by the external auditor, is satisfied that the independence and objectivity of the external auditor is not impaired.

In recommending the re-appointment of Ernst & Young LLP as the external auditor for the financial year ending 30 June 2023, the AC had taken into consideration the Audit Quality Indicator Disclosure Framework published by the Accounting and Corporate Regulatory Authority.

The Company has outsourced its internal audit function to Crowe, a corporate member of the Institute of Internal Auditors Singapore. The primary reporting line of the internal auditors is to the AC and administratively to the GFC. The hiring, removal, evaluation of the internal auditors and compensation to be paid to them is recommended by the AC and approved by the Board.

The internal audit team have unrestricted access to the Company's documents, records, properties and personnel. The internal audit team is staffed with personnel with relevant qualifications and experience and takes reference from the International Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors when performing their reviews. As such, the AC is satisfied that the IA is able to discharge its duties effectively as it is adequately independent, adequately qualified, adequately resourced to perform its functions and have appropriate standing within the Group.

The internal audit function is independent of the activities it audits. During FY2022, the internal auditors completed an internal control review of the Group's key processes in procurement, payment and payment, exhibition sales, inventory management. The related internal audit reports, including management's responses and implementation status, have been communicated to the AC.

Provision 10.4 of the 2018 Code:

Primary reporting line of the internal audit function is to AC; Internal audit function has unfettered access to Company's documents, records, properties and personnel

The AC endeavour to meet at least once a year with the external and internal auditors without the presence of the Management so that any concern and/or issue can be raised directly and privately.

The AC has met with the EA and the IA once in the absence of management in FY2022 to discuss, amongst other matters, the conduct of audit for the Group's FY2022 financial statements.

#### SIGNIFICANT ACCOUNTING MATTERS

In the review of the financial statements for FY2022, the AC has discussed with the Management on the significant accounting principles that were applied and their judgement of items that might affect the accuracy and completeness of the financial statements.

The key audit matters, which are included in the independent auditors' report for FY2022, were discussed with the Management and the external auditor, and were reviewed by the AC.

#### WHISTLE-BLOWING CHANNELS

The Company has in place a whistle-blowing policy and procedures for employees of the Group and other persons to raise concerns about possible improprieties in matters of financial reporting, fraudulent behaviour and other significant matters directly to the AC in confidence and without fear of reprisals. Every Complaint shall be in person or in writing and shall be lodged with Chairman of the AC at lu.kingseng@takajewellery.com.sg. Details of this policy are disseminated to all employees of the Group.

The Company's Whistleblowing Policy aims to: (a) provide a trusted avenue for employees, vendors, customers and other stakeholders to report serious wrongdoings or issues, particularly to fraud, governance or ethics, without fear; and (b) ensure that robust arrangements are in place to facilitate independent investigation of the reported issues with appropriate follow up actions. The Company will treat all information received confidentially and protect the identity of all whistle-blowers. It is also committed to ensuring that whistle-blowers will be treated fairly, and protected against detrimental or unfair treatment for whistle-blowing in good faith.

All whistle-blowing complaints are independently investigated and appropriate actions taken. The AC, which is responsible for oversight and monitoring of whistle-blowing, reviews and ensures that independent investigations and any appropriate follow-up actions are carried out, taking into account factors such as the seriousness of the issues, the credibility of the concern and the likelihood of confirming the allegation from attributable sources.

The AC shall commission and review the findings of internal investigations where there is any suspected fraud or irregularity, or failure of internal controls or infringement of any law, rule or regulation which has or is likely to have a material impact on the Group's operating results and/ or financial position. There were no whistle-blowing reports received in FY2022.

None of the AC members were previous partners or directors of the Company's EA within the last twelve months and none of the AC members hold any financial interest in the EA.

To date, no significant matter was raised through the Group's whistle-blowing channels.

Provision 10.5 of the 2018 Code:

AC meets with the auditors without the presence of Management annually

#### SHAREHOLDER RIGHTS AND ENGAGEMENT

The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

The Board ensures that the shareholders are treated fairly and equitably. All material information which would likely affect the price or value of the Company's shares shall be disclosed adequately and in a timely manner. Presentations to shareholders will be made available on SGXNET and the Company's website.

In presenting the Group's financial results to shareholders, it is the aim of the Board to provide shareholders with a balanced and understandable assessment of the Company's performance, position and prospects.

The Company's principal form of dialogue with shareholders takes place at general meetings. Notices of general meetings are dispatched to shareholders, together with the annual report and/or circulars within the time notice period as prescribed by the relevant regulations. Where necessary, additional explanatory notes will be provided for relevant resolutions which are to be tabled at general meetings to enable shareholders to exercise their vote on an informed basis. The Company strives to hold general meetings at venues which are accessible to shareholders. At general meetings, shareholders will be given the opportunity to voice their views and direct their questions to the Board regarding the Company.

Shareholders will also be briefed during the general meetings on voting procedures of the general meetings.

SGX-ST publishes investor guides to help the investment community in their preparation for annual general meetings and other general meetings. The links to SGX-ST's investor guides have been included on the Company's website under the "Investor Relations" section for ease of reference by shareholders.

All resolutions proposed at general meetings shall be put to vote by way of a poll. All votes cast, for or against, and the respective percentages, in respect of each resolution are tallied and disclosed at the meeting and an announcement with the detailed results showing the numbers of votes cast for and against for each resolution and the respective percentage will be released via SGXNET after the general meetings.

The Board notes that the best practice is to have separate resolutions on each substantially separate issue. The Company shall avoid 'bundling' resolutions unless the resolutions are interdependent and linked so as to form one significant proposal. In situations where resolutions are inter-conditional, the Company will provide clear explanations.

#### PRINCIPLE 11: SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

Provision 11.1 of the 2018 Code:

Company provides shareholders with the opportunity to participate effectively and vote at general meetings

Provision 11.2 of the 2018 Code:

Separate resolution on each substantially separate issue

All Directors, including the chairpersons of various Board Committees, and the Executive Officers shall attend general meetings to address shareholders' queries and receive feedback from shareholders.

The external auditor, Ernst & Young LLP, shall also be invited to attend general meetings and will assist in addressing queries from the shareholders relating to the conduct of the audit and the preparation and content of the independent auditor's report.

The Chairman of the meeting will facilitate constructive dialogue between shareholders and the Board, the Management, the external auditors and other relevant professionals.

The Company's Constitution allows all shareholders to appoint up to 2 proxies to attend and vote on their behalf and also provides that a proxy need not be a shareholder of the Company. Registered shareholders who are unable to attend the general meetings are entitled to appoint up to two proxies, unless the shareholder is a relevant intermediary (as defined in Section 181 of the Companies Act). A relevant intermediary may appoint more than two proxies to participate in shareholders' meetings, but each proxy must be appointed to exercise rights attached to a different share or shares held by such shareholder.

The Company's Constitution does not permit voting in absentia as the authenticity of shareholders' identity and other related integrity issues still remain a concern, the Company has decided, for the time being, not to implement voting in absentia by mail or electronic means.

Minutes of general meetings which include substantial and relevant comments or queries from shareholders relating to the agenda of the meeting and responses from the Board and the Executive Officers will be published on the Company's corporate website at http://www.takajewelleryholdings.com.

Currently, the Company does not have a fixed dividend policy. The form, frequency and amount of dividends will depend on amongst others, the Company's earnings, general financial condition, results of operations, capital requirements, cash flow, general business condition, development plans and other factors as the Directors may deem appropriate.

Subject to its Constitution and the Companies Act, the Company may, by ordinary resolution of shareholders, declare dividends at a general meeting, but it may not pay dividends in excess of the amount recommended by the Directors. The declaration and payment of dividends will be determined at the sole discretion of the Directors subject to the approval of the shareholders. Subject to its Constitution and the Companies Act, the Directors may also declare an interim dividend without the approval of the shareholders.

The form, frequency and amount of future dividend of the Company's shares will depend on the earnings, financial position, results of operations, cash flows, capital needs, general business conditions, terms of borrowing arrangements (if any), plans for expansion, and other factors as the Board may deem appropriate.

No dividend has been declared for FY2022 due to the current uncertain business environment as the Company strives to conserve cash for working capital purposes.

Provision 11.3 of the 2018 Code:

All Directors attend general meetings

Provision 11.4 of the 2018 Code:

Company's Constitution allow for absentia voting of shareholders

Provision 11.5 of the 2018 Code:

Minutes of general meetings are published on the Company's corporate website as soon as practicable

Provision 11.6 of the 2018 Code:

Dividend policy

The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

The Company informs the shareholders promptly of all major developments via SGXNET and the Group's corporate website http://www.takajewelleryholdings.com. The Company does not have a dedicated investor relations team.

The Company is committed to treating all shareholders fairly and equitably and to keep all its shareholders and other stakeholders informed of its corporate activities which would be likely to materially affect the price or value of its shares, on a timely basis.

Shareholders are informed of general meetings through notices published in the newspaper and the Company's announcements and press releases via SGXNET as well as through reports/ circulars sent to all Shareholders. All Shareholders are entitled to attend the general meetings and are afforded the opportunity to participate effectively in and vote at these general meetings.

General meetings are still the principal forum for dialogue with Shareholders. To promote a better understanding of Shareholders' views, the Board encourages Shareholders to participate during the Company's general meetings. At these meetings, Shareholders are able to engage the Board and the management on the Group's business activities, financial performance and other business-related matters. The Company could also gather views and address Shareholders' concerns at general meetings. ### **Report on the Audit of the Financial Statements**

#### Opinion

We have audited the financial statements of Taka Jewellery Holdings Limited (formerly known as TLV Holdings Limited) (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 30 June 2022, the statements of changes in equity of the Group and the Company and the consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 June 2022 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the *Auditor's responsibilities for the Audit of the Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

#### Allowance for impairment of trade receivables from the Group's jewellery business

The Group's trade receivables are significant to the Group as they represent 29% of the Group's total assets as at year end and mainly relate to the Group's exhibition jewellery business.

The Group applies the simplified approach in calculating expected credit losses ("ECLs") in accordance with SFRS(I) 9 *Financial Instruments* and recognises loss allowance based on lifetime expected losses at each reporting date. Trade receivables that are credit impaired are assessed for impairment by making debtor-specific assessment.

The Group uses a provision matrix to estimate the allowance for ECLs on trade receivables from exhibition jewellery sales. The key assumptions used in the ECLs model relate to the collectibility of trade receivables and historical observed default rates. A considerable amount of judgment is required in deriving these key inputs, and includes reviewing the current creditworthiness and past collection history of the debtors, as well as considering forward-looking economic information.

To the Members of Taka Jewellery Holdings Limited (formerly knowns as TLV Holdings Limited)

### Key Audit Matters (cont'd)

#### Allowance for impairment of trade receivables from the Group's jewellery business (cont'd)

In light of the COVID-19 pandemic and the heightened level of estimation uncertainty associated with the market and economic conditions prevailing at the reporting date, additional time and effort were spent in assessing estimates and judgement applied by management. As such, we determined this is a key audit matter.

As part of our audit, we tested the reasonableness of the key inputs and assumptions used by the Group in the ECLs model which is largely dependent on the Group's evaluation of collectability, analysis of historical write-offs and credit losses, and aging analysis of trade receivables. We reviewed the process and tested the key parameters relating to the aging data and forward-looking economic factors used in the ECL model by considering the market prices of gold and diamond to gauge their demand and the GDP forecast of the country in which the key customers are operating in. We checked the arithmetic accuracy of the allowance rates used. We reviewed the Group's credit control procedures in respect of monitoring and managing the credit risk of trade receivables. We requested trade receivables confirmations for major debtors and performed procedures to obtain evidence of receipts from the debtors subsequent to the balance sheet date, reviewed the debtors' past payment trends and the Group's assessment of debts with significant increase in credit risk since initial recognition.

Where specific impairments have been made, we considered the impairment indicators, assumptions made by management in their assessment of the recoverability of the outstanding receivables which include, the probability of the collection.

We also assessed the adequacy of the disclosures related to the Group's trade receivables in Note 16 to the financial statements.

### Valuation and existence of inventories

As of 30 June 2022, the Group's total inventories amounted to \$83,172,000. The Group's inventories comprise raw materials and finished goods. Included in the raw materials and finished goods are gold, loose diamonds and jewellery pieces.

We focused on inventories as their carrying amounts are material to the financial statements and there is a high inherent risk of theft and pilferage. In addition, the determination of allowance for slow moving inventories involves a high level of management judgment and estimation uncertainty associated with the market and economic conditions prevailing at the reporting date, where the appropriate amount of allowance is determined by considering the age of inventories, market prices for gold, expected and current demand and rework costs. Accordingly, we identified this as a key audit matter.

We obtained an understanding of the Group's internal controls with respect to physical safeguards over inventories. We attended and observed management's year-end inventory counts at selected outlets, test counted and traced the test results to management's records on a sample basis.

With respect to slow moving inventories, we reviewed management's assessment and evaluated the adequacy of allowance made for slow moving inventories. In addition, we have obtained the inventory sales during and subsequent to the financial year ended and analysed the gross profit margin as part of our assessment for stock obsolescence test. We performed a review of the inventory aging analysis and recomputed management's calculation of inventory turnover days. We also reviewed on a sample basis, management's assessment of the net realisable value of these inventories by comparing them against market value at year end and sales price during the year and subsequent to year end.

We also assessed the adequacy of the disclosures related to the Group's inventories in Note 15 to the financial statements.

To the Members of Taka Jewellery Holdings Limited (formerly knowns as TLV Holdings Limited)

### Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Directors' responsibilities include overseeing the Group's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

To the Members of Taka Jewellery Holdings Limited (formerly knowns as TLV Holdings Limited)

### Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on Other Legal and Regulatory Requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Ng Boon Heng.

## 2. Summary of significant accounting policies

### 2.1 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)").

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars ("SGD" or "\$") and all values in the tables are rounded to the nearest thousand ("\$'000"), except when otherwise indicated.

### 2.2 Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except that in the current financial period, the Group has adopted all the new and revised standards which are effective for annual financial periods beginning on or after 1 July 2021. The adoption of these standards did not have any material effect on the financial performance or position of the Group.

### 2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendment to SFRS(I) 3: Reference to the Conceptual Framework	1 January 2022
Amendments to SFRS(I) 1-16: Property, Plant and Equipment – Proceeds before Intended Use	1 January 2022
Amendments to SFRS(I)1-37: Onerous Contracts – Cost of Fulfilling a Contract	1 January 2022
Annual Improvements to SFRS(I)s 2018-2020	1 January 2022
SFRS(I)17 Insurance Contracts	1 January 2023
Amendment to SFRS(I)17 Insurance Contracts	1 January 2023
Amendment to SFRS(I)1-1: Classification of Liabilities as Current or Non-current	1 January 2023
Amendments to SFRS(I)1-1 and SFRS(I) Practice Statement 2: Disclosure of Accounting Policies	1 January 2023
Amendments to SFRS(I)1-8: Definition of Accounting Estimates	1 January 2023
Amendments to SFRS(I)1-12: Deferred tax related to Assets and Liabilities arising from a Single Transaction	1 January 2023
Amendments to SFRS(I)10 and SFRS(I)1-28 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined

The Directors expect that the adoption of the standards above will have no material impact on the financial statements in the year of initial application.

## 2. Summary of significant accounting policies (cont'd)

### 2.4 **Revenue**

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

#### (a) Sale of jewellery

Revenue from sale of jewellery is recognised upon satisfaction of the identified performance obligation, which generally coincides with delivery and acceptance of promised goods sold, net of discounts, returns and applicable goods and services tax. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(b) Interest income from financial services

Interest income from financial services mainly relates to interest income from pawnbroking and secured lending and they are recognised on a time-proportion basis using the effective interest method.

(c) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

(d) Rental income

Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

### 2.5 **Basis of consolidation and business combinations**

#### (a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intragroup transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

For the financial year ended 30 June 2022

## 2. Summary of significant accounting policies (cont'd)

### 2.5 Basis of consolidation and business combinations (cont'd)

### (a) Basis of consolidation (cont'd)

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- de-recognises the carrying amount of any non-controlling interest;
- de-recognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss;
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

#### (b) Business combinations

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is an asset or liability are recognised in profit or loss.

Non-controlling interest in the acquiree, that are present ownership interests and entitle their holders to a proportionate share of net assets of the acquire are recognised on the acquisition date at either fair value, or the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

For the financial year ended 30 June 2022

## 2. Summary of significant accounting policies (cont'd)

#### 2.6 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

#### (a) Transactions and balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss except for exchange differences arising on monetary items that form part of the Group's net investment in foreign operations, which are recognised initially in other comprehensive income and accumulated under foreign currency translation reserve in equity. The foreign currency translation reserve is reclassified from equity to profit or loss of the Group on disposal of the foreign operation.

### (b) Consolidated financial statements

For consolidation purpose, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

### 2.7 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less impairment losses.

#### 2.8 Associate

An associate is an entity, not being a subsidiary or a joint venture, in which the Group has significant influence. An associate is equity accounted for from the date the Group obtains significant influence until the date the Group ceases to have significant influence over the associate.

The Group's investment in associate is accounted for using the equity method. Under the equity method, the investment in associate is carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associate. Any excess of the Group's share of the net fair value of the associate's identifiable assets, liabilities and contingent liabilities over the cost of the investment is included as income in the determination of the Group's share of results of the associate in the period in which the investment is acquired.

For the financial year ended 30 June 2022

### 2. Summary of significant accounting policies (cont'd)

#### 2.8 Associate (cont'd)

The profit or loss reflects the share of the results of operations of the associate. Where there has been a change recognised in other comprehensive income by the associate, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate.

The Group's share of the profit or loss of its associate is the profit attributable to equity holders of the associate and, therefore is the profit or loss after tax and non-controlling interests in the subsidiaries of associate.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in its associate. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognises the amount in profit or loss.

The financial statements of the associate is prepared as of the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

Upon loss of significant influence over the associate, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence and the fair value of the aggregate of the retained investment and proceeds from disposal is recognised in profit or loss.

#### 2.9 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognises such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

Depreciation is computed on a straight-line basis over the estimated useful lives of the property, plant and equipment as follows:

Leasehold properties	-	25 to 60 years
Renovation	-	3 to 5 years
Motor vehicles	-	10 years
Furniture and fittings and office equipment	-	3 to 5 years

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

For the financial year ended 30 June 2022

## 2. Summary of significant accounting policies (cont'd)

### 2.9 **Property, plant and equipment (cont'd)**

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the property, plant and equipment is included in profit or loss in the year the asset is derecognised.

### 2.10 Intangible assets

Intangible assets acquired separately are measured initially at cost. Following initial acquisition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in profit or loss in the year in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each financial year-end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

### Trademarks

The trademarks were acquired in business combinations and are amortised on a straight line basis over its finite useful life of 10 years.

### 2.11 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

For the financial year ended 30 June 2022

## 2. Summary of significant accounting policies (cont'd)

#### 2.12 Financial instruments

#### (a) Financial assets

#### Initial recognition and measurement

Financial assets are recognised when, and only when the entity becomes party to the contractual provisions of the instruments.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

#### Subsequent measurement

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset.

#### Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

### **De-recognition**

A financial asset is de-recognised where the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

#### (b) Financial liabilities

#### Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

For the financial year ended 30 June 2022

## 2. Summary of significant accounting policies (cont'd)

### 2.12 Financial instruments (cont'd)

### (b) Financial liabilities (cont'd)

#### Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised, and through the amortisation process.

Financial liabilities that are carried at fair value through profit or loss are subsequently measured at fair value. Any gains or losses arising from changes in fair value of the financial liabilities are recognised in profit or loss.

#### **De-recognition**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

#### 2.13 Financial guarantees

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are measured at the higher of the amount of expected credit loss determined in accordance with the policy set out in Note 2.14 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised over the period of the guarantee.

### 2.14 Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

### Loans and related interest receivable from the Group's financial services business

The Group uses the general approach and estimates for lifetime ECLs on the loans and related interest receivables. ECLs are based on the difference between the contractual cash flows due in accordance with the contractual terms of the loans and all the cash flows that the Group expects to receive from the sale of collateral held.

For pawnshop loans, the Group considers a financial asset in default upon non-redemption of pawn articles leading to termination of the pawn contracts and forfeiture of the collateral held by the Group. The Group estimates the probability of default based on historical experience of terminated contracts and consideration of forward-looking factors.

## 2. Summary of significant accounting policies (cont'd)

#### 2.14 Impairment of financial assets (cont'd)

Trade receivables from the Group's jewellery business

The Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its evaluation of debt collectability, analysis of historical write-offs and credit losses, aging analysis of trade receivables and consideration of forward-looking factors specific to the debtors and economic environment.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

#### 2.15 *Leases*

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### As lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying assets.

#### Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Retail outlets	-	lower of lease period or 5 years
Motor vehicles	-	10 years

If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in Note 2.11.

#### Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of the remaining lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

## 2. Summary of significant accounting policies (cont'd)

#### 2.15 Leases (cont'd)

As lessee (cont'd)

#### Lease liabilities (cont'd)

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Group has applied the amendment to SFRS(I) 16 Leases: *Covid-19-Related Rent Concessions*. The Group applies the practical expedient allowing it not to assess whether a rent concession related to COVID-19 is a lease modification. The Group applies the practical expedient consistently to contracts with similar characteristics and in similar circumstances. For rent concessions in leases to which the Group chooses not to apply the practical expedient, or that do not qualify for the practical expedient, the Group assesses whether there is a lease modification.

#### Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term.

#### As lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. Rental income is accounted for on a straight-line basis over the lease terms.

#### 2.16 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and condition are accounted for as follows:

- Raw materials: purchase costs on a weighted average basis.
- Finished goods: cost of raw materials and labour, determined on specific identification basis.

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

## 2. Summary of significant accounting policies (cont'd)

### 2.17 **Taxes**

#### (a) *Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### (b) *Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

For the financial year ended 30 June 2022

## 2. Summary of significant accounting policies (cont'd)

### 2.17 Taxes (cont'd)

(b) *Deferred tax (cont'd)* 

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, would be recognised subsequently if new information about facts and circumstances changed. The adjustment would either be treated as a reduction to goodwill (as long as it does not exceed goodwill) if it incurred during the measurement period or in profit or loss.

(c) Goods and services tax ("GST")

Revenues, expenses and assets are recognised net of the amount of goods and services tax except:

- Where the goods and services tax incurred in a purchase of assets or services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheets.

### 2.18 Share capital and share issue expenses

Proceeds from issuance of ordinary shares net of directly attributable expenses are recognised as share capital in equity.

### 2.19 **Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### 2.20 Employee benefits

#### (a) *Defined contribution plans*

The Singapore companies in the Group make contributions to the Central Provident Fund ("CPF") Scheme in Singapore, a defined contribution pension scheme. Contributions to defined pension schemes are recognised as expense in the period in which the related service is performed.

For the financial year ended 30 June 2022

## 2. Summary of significant accounting policies (cont'd)

### 2.20 Employee benefits (cont'd)

#### (b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they accrue to employees. The estimated liability for leave is recognised for services rendered by employees up to the end of the reporting period.

### 2.21 Cash and cash equivalents

Cash and cash equivalents comprise cash at banks including fixed deposits and cash on hand, that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

#### 2.22 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Government grants shall be recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate. Grants related to income are presented under other income.

## 2.23 Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services, which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge.

The segment managers report directly to the management of the Company who regularly reviews the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 32, including the factors used to identify the reportable segments and the measurement basis of segment information.

### 2.24 Borrowing costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss in the period in which they are incurred.

#### 2.25 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
  - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the statement of financial position of the Group.

For the financial year ended 30 June 2022

### 2. Summary of significant accounting policies (cont'd)

#### 2.26 Treasury shares

The Group's own equity instruments, which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount of treasury shares and the consideration received, if reissued, is recognised directly in equity. Voting rights related to treasury shares are nullified for the Group and no dividends are allocated to them respectively.

### 3. Significant accounting judgements and estimate

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods. Management is of the opinion that there is no significant judgement made in applying accounting policies that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period.

#### 3.1 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### Allowance for impairment of trade receivables

The Group uses a provision matrix to calculate ECLs for its trade receivables from exhibition jewellery sales. The provision matrix is based on the Group's evaluation of collectability, analysis of historical observed default rates and aging analysis of trade receivables. The Group will calibrate the matrix to adjust for forward-looking factors specific to the debtors and economic factors that may affect the recoverability of the trade receivables. At each reporting date, the historical observed default rates are updated and changes in the forward-looking factors are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

In assessing the ultimate realisation of the trade receivables, the Group also considers the current creditworthiness and past collection history of its customers. If the financial conditions of the customers were to deteriorate, resulting in an impairment of their ability to make payments, additional specific allowances may be required. The carrying amount of the Group's trade receivables at the end of the reporting period is disclosed in Note 16 to the financial statements.

#### Allowance for inventory obsolescence

The Group periodically assesses the allowance for inventory obsolescence. When the inventories are deemed not saleable, the difference between net realisable value and cost is recognised as an allowance against the inventory balance. The Group assesses the market and economic conditions prevailing at the reporting date, where the appropriate amount of allowance is determined by considering the age of inventories, market prices for gold, expected and current demand and rework costs. The carrying amount of the Group's inventories at the end of the reporting period is disclosed in Note 15 to the financial statements.

	1,858	1,813

Government grants relate to Wage Credit scheme ("WCS"), Temporary Employment Credit ("TEC"), Special Employment Credit ("SEC"), Jobs Support scheme ("JSS") and Rental Support Scheme ("RSS") claims from the government.

#### Jobs Support Scheme

The JSS was introduced to provide wage support to employers to retain local employees during the period of economic uncertainty. Under the JSS, the Government co-funds the first \$4,600 of gross monthly wages paid to each local employee

During the financial year ended 30 June 2022, the Group has recognised JSS grant income of \$728,015 (2021: \$1,274,000).

#### COVID-19-related rent concessions

The Group received rent concessions as part of the COVID-19 support under the Rental Relief Framework, which provides for mandated equitable co-sharing of rental obligations between the Government, landlords and tenants.

The Rental Relief Framework requires qualifying property owners which have received support via a government cash grant to in turn provide the necessary rental relief to their eligible Small and Medium Enterprises ("SMEs") and specified Non-Profit Organisations tenant-occupiers of the prescribed properties.

#### 23. Leases

#### Group as a lessee

The Group has lease contracts for retail and office premise and motor vehicles. The Group's obligations under its leases are secured by the lessor's title to the leased assets. Generally, the Group is restricted from assigning and subleasing the leased assets. There are several lease contracts that include extension options and variable lease payments which are further discussed below.

The Group also has certain leases with lease terms of 12 months or less and leases of equipment with low value. The Group applies the "short-term lease" and "lease of low-value assets" recognition exemption for these leases.

### 28. Financial risk management objectives and policies

The Group is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and foreign currency risk. The Directors review and agree policies and procedures for the management of these risks, which are executed by the management. It is, and has been throughout the current and previous financial year, the Group's policy that no derivatives shall be undertaken for trading and speculative purposes. The Group's overall business strategies, tolerance of risk and general risk management philosophy are determined by Directors in accordance with prevailing economic and operating conditions.

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks.

The following sections provide details regarding the Group's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

#### (a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's exposure to credit risk arises primarily from trade and other receivables. For other financial assets, the Group minimises credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on a financial asset to be when the counterparty fails to make contractual payments when they fall due and there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group.

To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition.

For the financial year ended 30 June 2022

# 28. Financial risk management objectives and policies (cont'd)

#### (a) Credit risk (cont'd)

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the issuer or the borrower
- A breach of contract, such as a default or past due event
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation

Where loans and receivables have been written off, the Group continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The following are classes of financial assets that are exposed to credit risk:

#### Trade receivables from the Group's financial services business

Pawnshop loans and secured lending receivables are collaterised whereby the quantum of loans granted to customers is based on a fraction of the value of the collaterals pledged to the Group. Although the collateral does not influence whether the financial instrument has a low credit risk, the expected cash flows in the assessment of net lifetime expected credit losses will include cash flows from the sale of collateral held.

The Group uses a provision matrix to estimate the allowance for expected credit losses for these loans. The key inputs of the ECL model are the probability of default and loss given default. For pawnshop loans, the Group has estimated the probability of default being the forfeiture of the customers' pledges based on historical non-redemption data of its pawnshop outlets. The Group has estimated the loss given default as the amount of loss exposure at default after considering the expected realisable value of the customers' pledges.

#### Trade receivables from the Group's jewellery business

The Group applies the simplified approach and recognises a loss allowance based on lifetime ECLs at each reporting date. Trade receivables that are credit impaired are assessed for impairment by making debtor-specific assessment. The ECL model considers the Group's assessment of the collectability, analysis of historical analysis and credit losses, and aging analysis of trade receivables.

Summarised below is the information about the credit risk exposure on the Group's trade receivables from the group's jewellery business using provision matrix.

Group	Less than 1 year \$'000	1 to 3 years \$'000	More than 3 years \$'000	Total \$'000

For the financial year ended 30 June 2022

### 28. Financial risk management objectives and policies (cont'd)

#### (a) Credit risk (cont'd)

#### Amount due from subsidiary

The Company assessed that there is no indication of a significant deterioration in credit risk based on the financial performance of its subsidiary. The Company uses the general approach and recognises loss allowance based on 12-month ECL on the financial asset.

Information regarding the loss allowance provision as at 30 June 2022 and 2021 are disclosed in Note 16.

#### Exposure to credit risk

At the balance sheet date, the Group's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the balance sheets.

#### Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the business segment profile of its trade receivables on an ongoing basis. The credit risk concentration profile of the Group's trade receivables at the balance sheet date is as follows:

	Gre	Group 2022 2021 \$'000 \$'000		
	\$ 000	<i>4</i> 000		
Business segment				
Retail	556	373		
Exhibitions	19,423	18,035		
Financial services	30,193	33,565		
	EO 172	E1 072		
	50,172	51,973		

There is a single debtor within the exhibitions segment whose trade receivables represented 17% (2021: 20%) of total trade receivables for the financial year ended 30 June 2022.

#### (b) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of short term loan facilities.

The Group's liquidity risk management policy is that to maintain sufficient liquid financial assets and short term loan facilities with different banks and business alliances. At the end of the reporting period, approximately 68% (2021: 60%) of the Group's loans and borrowings will mature in less than one year based on the carrying amount reflected in the financial statements.

The Group assessed the concentration risk with respect to refinancing its debts and concluded it to be low. Access to sources of funding is sufficiently available and debts maturing within 12 months can be rolled over with existing lender.

At the end of the reporting period, all of the Company's financial liabilities will mature in less than one year based on the carrying amounts reflected in the financial statements.

The table below shows the contractual expiry by maturity of the Group and Company's contingent liabilities and commitments. The maximum amount of the financial guarantee contracts is allocated to the earliest period in which the guarantee could be called.

### 28. Financial risk management objectives and policies (cont'd)

#### (c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises primarily from its loans and borrowings. All of the Group's financial assets and liabilities at floating rates are contractually re-priced at intervals of less than 12 months from the end of the reporting period.

The Group's policy is to manage interest costs using a mix of fixed and floating rate debts taking into consideration the funding requirements of the Group.

#### Sensitivity analysis for interest rate risk

At 30 June 2022, if interest rates had been 100 basis points lower/higher with all other variables held constant, the Group's profit before tax would have been approximately \$228,000 (2021: \$225,000) higher/lower, arising mainly as a result of lower/higher interest expense on floating rate loans and borrowings.

#### (d) Foreign currency risk

The Group has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the respective functional currencies of Group's entities, primarily Singapore Dollars ("SGD"). The foreign currency in which these transactions are denominated are mainly United States Dollars ("USD") and Hong Kong Dollars ("HKD"), resulting in the Group's trade and other receivables, trade and other payables, and bullion loans at the balance sheet date to have such currency exposures.

The Group also holds cash and bank balances denominated in foreign currencies for working capital purposes. As at 30 June 2022 and 30 June 2021, such foreign currency balances have been disclosed in Note 17.

#### Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Group's profit before tax to a reasonably possible change in the respective exchange rates against the respective functional currencies of the Group entities, with all other variables held constant.

### 29. Fair values of financial instruments

#### (a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and

Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

# (b) Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

(i) Cash and bank balances, trade and other receivables, trade and other payables

The fair values of these financial instruments approximate their carrying amounts at the balance sheet date because of their short-term maturity.

(ii) Loans and borrowings and lease liabilities

The carrying amount of the loans and borrowings and lease liabilities is an approximation of fair values as it is a floating rate instrument that is subjected to frequent repricing to market interest rates on or near the date of balance sheet.

# (c) Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are not a reasonable approximation of fair value

### 30. Capital management

The primary objective of the Group's capital management is to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and to provide an adequate return to shareholders by pricing products and services commensurately with the level of risk.

The Group sets the amount of capital in proportion to risk. The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

The Group's capital management is dependent on capital requirements of the business or investments. Management would evaluate various options taking into consideration market conditions, nature of investment and the Group's structure. No changes were made in the objectives, policies or processes during the year ended 30 June 2022 and 30 June 2021.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, loans and borrowings less cash and bank balances to better reflect capital management per industry practice. Capital relates to equity attributable to the owners of the Company.

#### 31. Segment information

The Group has organised its businesses into three broad segments based on the Group's current management reporting structure and nature of operations. The Group's business segments are as follows:

#### (a) **Exhibitions**

This relates to the sale of jewellery through the Group's participation in international jewellery exhibitions and trade fairs.

#### (b) **Retail**

This relates to the sale of jewellery to customers at retail outlets, promotional events and headquarters.

# 31. Segment information (cont'd)

#### (c) Financial services

This relates to the existing pawn-broking business and the secured lending business. Due to the expansion and growth of the segment, the management now monitors the operating results separately.

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise dividends payable, income tax payable and deferred tax.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment.

#### **Geographical segment**

The above primary segment information reflects the management reporting structure and nature of operations wherein the Group's financial services segment are carried out locally in Singapore and exhibitions are conducted overseas. The customers of exhibition sales are primarily overseas customers, while customers of retail sales and pawnbroking are a mix of local and overseas customers. Accordingly, further segmentation by geographical market is not meaningful.

Non-current assets mainly relate to investment in associate, property, plant and equipment, trademarks and non-current other receivables and are substantially located in Singapore.

#### Information on major customers

There is no single customer with revenue transactions more than 10% of the Group's total revenue. The revenue is spread over a broad base of customers.

#### 32. Subsequent event

On 18 August 2022, Equity Fintech Pte Ltd, a wholly owned subsidiary of the Company has completed the subscription of 1,320,000 shares in Surrey Hills Holdings (Private Limited) ("Surrey Hills") for a cash consideration of \$1,760,000. Following the completion of the shares subscription, Surrey Hills has become an indirect subsidiary, with the Company owning 55% shareholdings in Surrey Hills.

### 33. Authorisation of financial statements for issue

The financial statements for the year ended 30 June 2022 were authorised for issue in accordance with a resolution of the Directors on 28 September 2022.

- 5. To re-appoint Messrs Ernst & Young LLP as Independent Auditor of the Company and to authorise the Directors of the Company to fix their remuneration. (Resolution 5)
- To transact any other ordinary business which may properly be transacted at an Annual General Meeting. 6.

#### AS SPECIAL BUSINESS

To consider and if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without any modification:

#### 7. Authority to allot and issue shares

That pursuant to Section 161 of the Companies Act 1967 and Rule 806 of Section B of the Singapore Exchange Securities Trading Limited Listing Manual: Rules of Catalist (the "Catalist Rules"), the Directors of the Company be authorised and empowered to:

- (a) issue shares in the Company ("Shares") whether by way of rights, bonus or otherwise; and/or (i)
  - make or grant offers, agreements or options (collectively, "Instruments") that might or would (ii) require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

(notwithstanding that the authority conferred by this Resolution may have ceased to be in force) issue (b) Shares in pursuance of any Instruments made or granted by the Directors of the Company while this Resolution was in force.

provided that:

- the aggregate number of Shares (including Shares to be issued in pursuance of the Instruments, made (1) or granted pursuant to this Resolution) to be issued pursuant to this Resolution shall not exceed one hundred per centum (100%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of shares to be issued other than on a pro rata basis to shareholders of the Company shall not exceed fifty per centum (50%) of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such calculation as may be prescribed by the Singapore Exchange Securities Trading Limited) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time of the passing of this Resolution, after adjusting for:
  - (a) new Shares arising from the conversion or exercise of any convertible securities;
  - new shares arising from the exercising of share options or vesting of share awards, provided (b) the share options or share awards were granted in compliance with Part VIII of Chapter 8 of the Catalist Rules; and
  - (c) any subsequent bonus issue, consolidation or subdivision of Shares;

any adjustments made in accordance with sub-paragraphs (2)(a) or (2)(b) are only to be made in respect of new shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of the Resolution approving the mandate.

- in exercising the authority conferred by this Resolution, the Company shall comply with the provisions (3) of the Catalist Rules for the time being in force (unless such compliance has been waived by the Singapore Exchange Securities Trading Limited) and the Constitution of the Company; and
- (4) unless revoked or varied by the Company in a general meeting, such authority shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is earlier. (See Explanatory Note (iii)) (Resolution 6)

#### Proposed continued appointment of Mr Lu King Seng as Independent Director of the Company for the 8. purposes of Rule 406(3)(d)(iii)(A) of the Catalist Rules

That, subject to and contingent upon the passing of Resolution 3 by the shareholders of the Company and the passing of Resolution 8 by shareholders of the Company: (a) the continued appointment of Mr Lu King Seng as Independent Director, for purposes of Rule 406(3)(d)(iii)(A) of the Catalist Rules be and is hereby approved; and (b) the authority conferred by this Resolution shall continue in force until the earlier of the following: (i) the retirement or resignation of Mr Lu King Seng as Director; or (ii) the conclusion of the third AGM of the Company following the passing of this Resolution. (See Explanatory Note (ii))

(Resolution 7)

# 9. Proposed continued appointment of Mr Lu King Seng as Independent Director of the Company for the purposes of Rule 406(3)(d)(iii)(B) of the Catalist Rules

That, subject to and contingent upon the passing of Resolutions 3 and 7 by the shareholders of the Company and the passing of this Resolution by shareholders of the Company, excluding the Directors and the Chief Executive Officer ("CEO") of the Company, and their respective associates (as defined in the Catalist Rules): (a) the continued appointment of Mr Lu King Seng as Independent Director, for purposes of Rule 406(3)(d)(iii) (B) of the Catalist Rules be and is hereby approved; and (b) the authority conferred by this Resolution shall continue in force until the earlier of the following: (i) the retirement or resignation of Mr Lu King Seng as Director; or (ii) the conclusion of the third AGM of the Company following the passing of this Resolution. (See Explanatory Note (ii))

By Order of the Board

Wong Yoen Har Company Secretary

Singapore, 11 October 2022

#### **Explanatory Notes:**

- (i) The Ordinary Resolution 2 is to re-elect Mr Teo Boon Leng who is retiring pursuant to Article 114 of the Constitution of the Company. Mr Teo Boon Leng will, upon re-election as Director of the Company, remain as Executive Director and Managing Director of the Company.
- (ii) The proposed Ordinary Resolutions 3, 7 and 8 are to seek approval from the shareholders via a Two-Tier Voting process for Mr Lu King Seng to continue in office as Independent Director of the Company for a three-year term, with effect from the passing of these resolutions proposed at the forthcoming AGM until the conclusion of the third AGM of the Company following the passing of these resolutions. The Board seeks to strike an appropriate balance between tenure of service, continuity of experience and refreshment of the Board. Furthermore, the Company benefits from such Director who has, over time, gained valuable insights into the Group, its market and the industry. The Nominating Committee and the Board have determined that Mr Lu King Seng remains objective and independent minded in Board deliberations. His vast experience and competence to facilitate sound decision-making and that his length of service does not in any way interfere with his exercise of independent judgment nor hinder his ability to act in the best interests of the Company. Additionally, Mr Lu King Seng fulfils the definition of independent director of the Catalist Rules and Code of Corporate Governance 2018. More importantly, the Board is confident that Mr Lu King Seng is capable to continue to discharge his duties independently with integrity and competency.

Shareholders should note that in the event that the proposed Ordinary Resolutions 7 and 8 relating to the continued appointment of Independent Director are not passed, the Company shall endeavour to fill the vacancy of the independent director (which must comprise of at least one-third of the Board) within two months, in any case not later than three months from the date the Independent Director be re-designated as Non-Independent Non-Executive Director for the purpose of compliance with Rule 406(3)(c) of the Catalist Rules, as applicable.

In compliance with Rule 406(3)(d)(iii)(B) of the Catalist Rules, the Directors and CEO of the Company, and their respective associates (as defined in the Catalist Rules), shall abstain from voting on Resolution 8. The Company will disregard any votes cast by the Directors and the CEO of the Company, and their respective associates, in respect of their holdings of shares (if any) on Resolution 8.

Mr Lu King Seng will, upon the passing of Resolutions 3, 7 and 8, remain as Chairman of the Audit Committee and member of Nominating Committee and Remuneration Committee. The Board considers Mr Lu to be independent for the purpose of Rule 704(7) of the Catalist Rules.

(iii) The Ordinary Resolution 6, if passed, will empower the Directors of the Company, effective until the conclusion of the next Annual General Meeting of the Company, or the date by which the next Annual General Meeting of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is the earlier, to issue Shares, make or grant Instruments convertible into Shares and to issue Shares pursuant to such Instruments, up to a number not exceeding, in total, 100% of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company, of which up to 50% may be issued other than on a pro-rata basis to shareholders.

For determining the aggregate number of shares that may be issued, the total number of issued Shares (excluding treasury shares and subsidiary holdings) will be calculated based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time this Ordinary Resolution is passed after adjusting for new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time when this Ordinary Resolution is passed and any subsequent bonus issue, consolidation or subdivision of Shares.

#### Notes:

- Please insert the total number of shares held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act 2001 of Singapore), you should insert that number of shares. If you have shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument ("Proxy Form") appointing the Chairman of the Meeting as proxy shall be deemed to relate to all the shares held by you.
- 2. The instrument appointing a proxy or proxies must be under the hand of the appointor or of his/her attorney duly authorised in writing. Where the instrument appointing a proxy or proxies is executed by a corporation, it must be executed either under its common seal or under the hand of an officer or attorney duly authorised.
- 3. Where a member (whether individual or corporate) appoints a proxy or proxies as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of a proxy or proxies for that resolution will be treated as invalid.
- 4. A member who is a relevant intermediary entitled to attend the meeting and vote is entitled to appoint more than two proxies to attend and vote instead of the member, but each proxy must be appointed to exercise the rights attached to a different Share or Shares held by such member. Where such member appoints more than two proxies, the appointments shall be invalid unless the member specifies the number of Shares in relation to which each proxy has been appointed.
- 5. A proxy need not be a member of the Company.
- 6. Investors who hold their Shares through relevant intermediaries as defined in Section 181 of the Companies Act 1967 (including SRS investors) and who wish to exercise their votes by appointing a proxy or proxies should approach their respective relevant intermediaries to submit their voting instructions by 9.00 a.m. on 13 October 2022 in order to allow sufficient time for their respective relevant intermediaries to in turn submit a proxy form to appoint a proxy or proxies to vote on their behalf by 9.00 a.m. on 24 October 2022.
- 7. Completion and return of this instrument appointing a proxy or proxies shall not preclude a member from attending and voting at the Meeting. Any appointment of a proxy or proxies shall be deemed to be revoked if a member attends the meeting in person, and in such event, the Company reserves the right to refuse to admit any person or persons appointed under the instrument of proxy to the Meeting.

A member who wishes to submit a Proxy Form must first download, complete and sign the Proxy Form, before submitting it by post to the Company's Registered Office at 3, Kaki Bukit Place, Eunos Techpark, Singapore 416181 or by scanning and sending it by email to TAKA\_AGM22@takajewellery.com.sg as soon as possible, in either case, **by 9.00 a.m. on 24 October 2022 (being at least forty-eight (48) hours before the time appointed for holding the Meeting)**.

#### PERSONAL DATA PRIVACY:

By submitting a proxy form appointing a proxy or proxies, the member accepts and agrees to the personal data privacy terms set out in the Notice of Annual General Meeting dated 11 October 2022.

#### **GENERAL:**

The Company shall be entitled to reject the proxy form appointing a proxy or proxies if it is incomplete, improperly completed or illegible, or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the proxy form appointing a proxy or proxies. In addition, in the case of Shares entered in the Depository Register, the Company may reject any proxy form appointing a proxy or proxies lodged if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at 72 hours before the time appointed for holding the Meeting, as certified by The Central Depository (Pte) Limited to the Company.
